## IF YOU ARE NEW TO MSIA:

### Soul Transcendence

The purpose of the Movement of Spiritual Inner Awareness (MSIA) is to teach Soul Transcendence, which is becoming aware of yourself as a Soul and as one with God, not as a theory but as a living reality. Your Soul is who you truly are; it is more than your body, your thoughts, or your feelings. It is the highest aspect of yourself, where you and God are one.

MSIA provides a variety of tools and techniques that allow you to experience your Soul and enhance your awareness of God.

Equally important, MSIA presents an approach that focuses on incorporating spirituality into your everyday life. We call this "practical spirituality." It allows you to attune more deeply to your Soul and to increasingly live from that awareness.

In MSIA, we respect any approach that encourages people on their path home to God. We don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy.

The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

If you would like more information about MSIA, or to further explore its teachings, please visit our website at [www.msia.org](http://www.msia.org) or contact us at: 800/ 899-2665 or [servicedesk@msia.org](mailto:servicedesk@msia.org)

# a Tribute to John-Roger

## The Mystical Traveler . . . and More

by John-Roger, DSS  
From The New Day Herald, Nov/Dec 2002

There are many realms of Light and many forces of Light. There is what we call the Supreme God, or the Sarmad, although the name of God is actually unspeakable. In the center is what we could call the It of Itself. (This still says nothing, but we have to use words for communication on this level, even though what I am saying is a "lie" because these spiritual things can't really be put into words.) This It of Itself is what we're going towards, and there are many pathways into God.

How does the Mystical Traveler fit in? The Traveler's work here is to take the Soul back up to the fifth realm, the Soul realm. That's all. If you want to go higher, that's something else, and after you receive the Soul initiation physi-

cally, you and the Traveler may make another agreement to work together spiritually above the Soul realm.

You have to be ready for a Mystical Traveler in order to have one work with you. We can trace back through the ages and see that many of the mystery schools, the hierophants, the adepts all had a Mystical Traveler, who taught them the way into the higher realms of Light—taught them, showed them, and, when that person allowed it, took them, but never would violate their consciousness on any level: not just the person consciously here, but also the basic consciousness and the high-self consciousness.

Within the Soul realm, the realm of self-realization, you realize your true self. This is not the little self, not the "I" of your personality, but the "I" of the God-man. We all must enter into self-realization because this is really the true home of the self. At this point is the Sat Guru.

Sat Nam was a Sat Guru. Sat Nam is the Lord of this dispensation, who manifests Light to all layers and levels. Sat Nam is the one who, through checking through dispensations of karmic actions, through evolvment, through dedication to mankind, through focus, through all the actions, chooses you to work under what we call in Western society the Christ Light or Christ Consciousness. Although this is Western terminology, it does not denote race, religion, creed, or color. In the universes, it is called the Light Bearer.

The Sat Guru picks you out. You could be down here in the physical, and he could come to your Soul body and take you through the realms of Light, maybe not in one lifetime, although that could happen; maybe it would be in fifteen lifetimes. The Sat Guru takes you through all these realms and initiates you through every realm of consciousness so that you come to the

Everyone in these seminars is part of this line of Masters or you wouldn't be here. You're learning about your mystery school. You're learning about your birthright. You're learning how to bypass all of the lower levels to enter into the Mystical Traveler and come towards the Soul or any level that you have evolved your perfected consciousness into. There are many in this line of Mystical Travelers. You people in here have the spiritual promise, the high probability, of becoming a Mystical Traveler, maybe not here on this planet, but they're needed in other universes and other galaxies, too.

Sarmad, that you become It of Itself and recognize what is there in the absolute reality. At this point of absolute reality, you know that everything else is an illusion.

All in the Soul realm and above is pure Spirit. All below the Soul realm is negative (but not bad) Spirit; it is negative like on a battery, which has both positive and negative poles and needs both to function. The Mystical Traveler is not subject to these negative realms or to karmic law unless he allows it. Whoever is anchoring the Traveler Consciousness here on the planet will usually accept upon himself something to keep him in the physical. It could be having one leg a lot shorter than the other leg, or it could be a hunched back. He'll take something that will put him here to keep him aware of his physical body because to be a Mystical Traveler, you must function on all levels of Light, which includes the physical level. (Anyone who does not function on the physical level is not a Light Master.) This is the highest office that we all will inherit through our dispensations. We inherit it through the line of these Masters that we call upon.

Everyone in these seminars is part of this line of Masters or you wouldn't be here. You're learning about your mystery school. You're learning about your birthright. You're learning how to bypass all of the lower levels to enter into the Mystical Traveler and come towards the Soul or any level that you have evolved your perfected consciousness into. There are many in this line of Mystical Travelers. You people in here have the spiritual promise, the high probability, of becoming a Mystical Traveler, maybe not here on this planet, but they're needed in other universes and other galaxies, too.

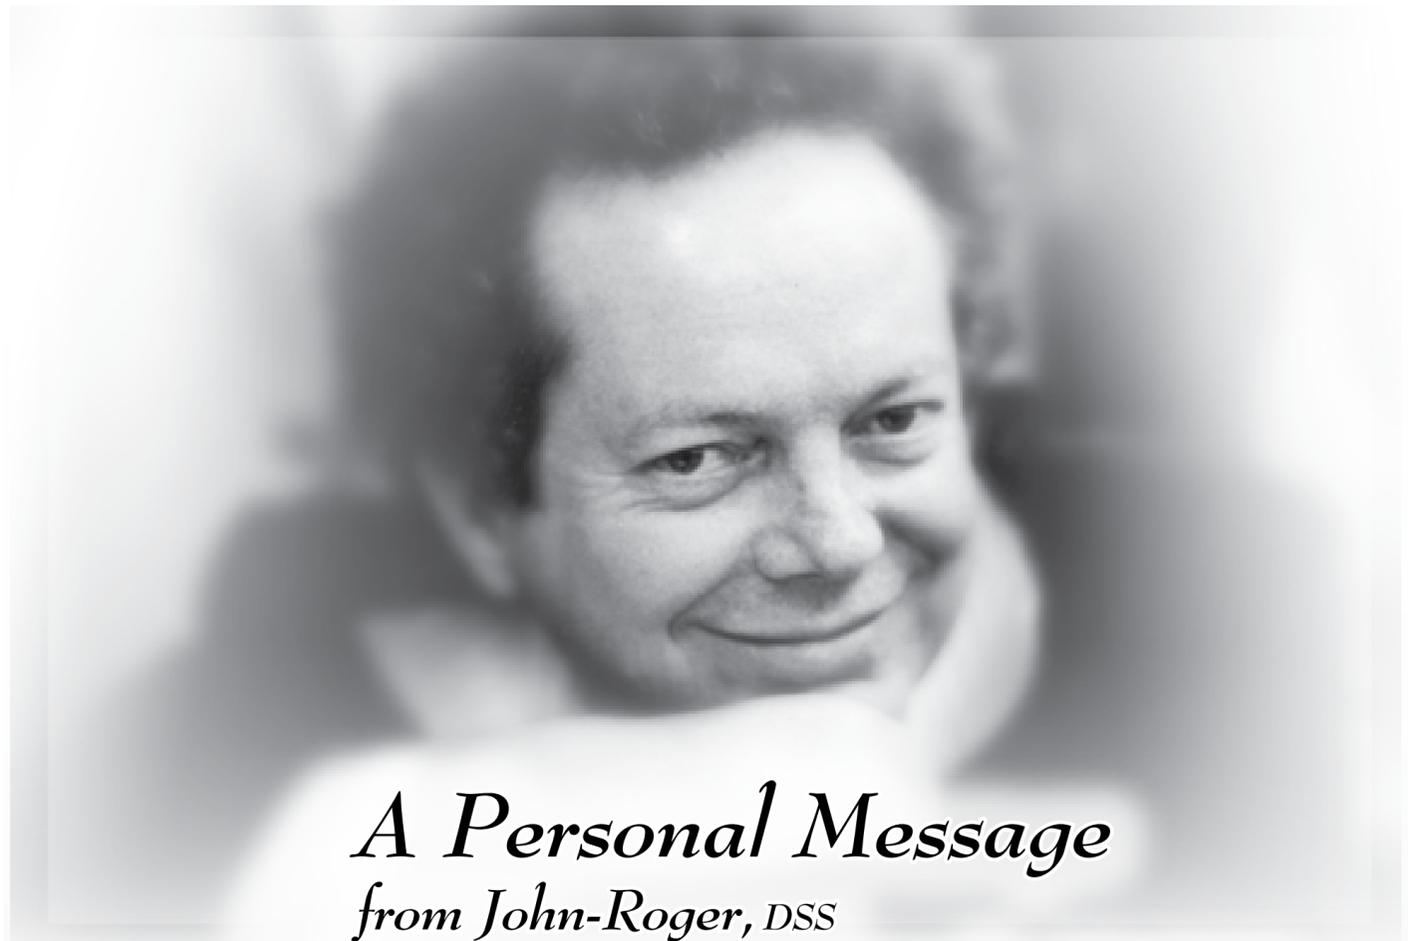

Many lifetimes have been spent by many Souls evolving into the consciousness of the Mystical Traveler, and, when they've gotten there, they have sat next to great senators and priests and kings, and nobody knew that that humble person was a Mystical Traveler, but he was still doing his work of bringing those Souls back into the God center that otherwise would have had to go a longer route. There are many people who do Soul travel, and there are many schools that will teach you Soul travel. You can Soul travel out of the body, but you cannot enter into higher realms of consciousness unless you come into a Mystical Traveler, who is on all realms of consciousness.

God is everywhere in all things, from the highest intellect to the dumbest intellect. The Mystical Traveler must do this, also. When entering into the great mentality of the Universal Mind, for example, the Traveler will often bring forth tremendous knowledge. The Traveler can also come into the consciousness of a person who might not know what's going on. When the Traveler is in the lowest consciousness, people who are higher may say, "That's a stupid thing to do," but the Traveler is here to lift all mankind. This means that the Traveler must come to all mankind, not only to a little group in Cypress or Encino or someplace else.

And the Traveler always gives up to God, always. He will always say, "But it is God, but it is God." A lot of people say, "John-Roger, thank you for doing this," and I say, "The Light did it." All I'm doing is working like a transformer to step down the Light into this level of consciousness here. But it is God. It is always God.

Baruch Bashan.

*A Personal Message  
from John-Roger, DSS  
at Living in Grace, December 12, 2012*

I am sending you my love and Light from the Living in Grace retreat at Asilomar. I am resting and doing well.

As I have often said, we are in a time of great change on the planet, and that no matter how it looks physically, when we look through the eyes of the Soul, it is all perfect. When you go inside, you will find me there, as I have always been, and together we will travel into the "high country," and you will know that this is the land of illusion and that the true reality resides inside of you.

Your job as students of the Traveler is to do what I have always encouraged you to do: connect to the Sound Current of God through spiritual exercises, love unconditionally, and let your Light shine out into this world by doing your best to love and assist your neighbor.

Many years ago I directed the MSIA Presidency to preserve the teachings I have shared, so that in years to come anyone who listens to them can have a direct experience with the Traveler and receive the spiritual connection as if I was physically present. These teachings have come directly from Spirit and will stand as a direct contact with the Spirit and the Traveler.

I am here. I am not going anywhere. As you dwell in loving you will know that I am always with you.

Baruch Bashan,

J-R

# LOVING JOHN-ROGER ONWARD AND UPWARD

BY JOHN MORTON, DSS

Since 1988, I hold the keys to the Mystical Traveler Consciousness with that authority to do astral, causal, mental, etheric, and soul initiations. John-Roger passed those keys to me in 1988, and I think J-R made that very clear through the years. So I do have those keys and they're still here with me. So that's going to continue.

As you know by now, John-Roger passed into Spirit on October 22, 2014 at 2:49 a.m. at St. Johns Health Center in Santa Monica, California. It was a very beautiful, easy peaceful transition as we would all, if we had our wish, want our passing into Spirit to be. I think in some way J-R at last got his wish.

After the Israel trip this past September, pneumonia was basically the issue that picked up considerably for J-R. At some point, J-R needed to be in the hospital. And then at some point it became rather obvious that his passing was likely. So we did our own version of a Circle of Light, which included the MSIA Presidency — Vincent DuPont, Paul Kaye and Mark Lurie — along with myself, Jsu Garcia, Nathaniel Sharratt and Nurse Nancy all holding for John-Roger. We had magnificent support from the hospital, including the physicians and nurses. And we were able to keep J-R as comfortable as possible throughout his transition.

Those moments that we were there, doing the Circle of Light, were really powerful. One thing I can tell you firsthand, John-Roger physically was demonstrating a lion's heart, a powerful heart. His heart was really the thing that was keeping things going, if you will, and that's no surprise.

The six of us being with him and holding that energy field was a great responsibility. I want you to consider that we were holding in our Circle of Light for everyone in MSIA, everyone who is an initiate. I know that some of you had a sense like, "I should be there" or "Let us be there." But if you can imagine the logistics of anything like that, then you can understand that it just became clear in my view to do it the way we did.

John-Roger's last breath was a big one. It was just a letting go. I'm telling you this because I want you to be comforted by his passing. J-R was not in any sort of struggle. He was not in any kind of pain. There was as much comfort as could be allowed in the circumstances of what was going on with the body finishing a very long marathon, which was an amazing marathon. As I witnessed and experienced his passing, I was reminded of the account of Jesus on the cross. The picture I have of that in my mind and heart is the way I experienced J-R's last breath.

I want us to consider the obvious — J-R has given us a great treasure, and that he's gone into a consciousness which was already prepared and spoken to us long ago. Consider the fifty-plus years he was holding the keys to the Mystical Traveler Consciousness. Consider all that he spoke to us and, more importantly, showed us and demonstrated for us.

This church is following in John-Roger's teachings. And I do consider that this day was obviously prophesized. We're looking closely at some of what J-R said about this time, things that he said would take place after he moved into Spirit. So, in a sense, we're checking up on ourselves and looking at what we're following through upon.

My view is that everything that needed to be done has been done to prepare for this time. We're picking up on what Jesus established. We're processing in this place we call soul. That work is as active as ever. So any concern, whatever level you might have about that, just consider that the work is within as it's always been.

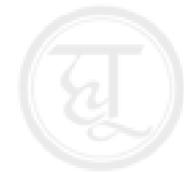

The harvesting of the blessings is within, in that place we call the Kingdom, that place we call Spirit. That's our heritage. J-R prepared a place in the soul and into the heart of God while he was here physically, and so that work continues.

## From John-Roger about His Passing

John-Roger shared with us in his book, *Fulfilling Your Spiritual Promise*, about what was to happen when he died physically. From page 257, John-Roger shared:

*The teachings are inside. And as people work them and own them and validate them for themselves, they don't give a darn if I'm here physically or not because they know what works. That's why these teachings have been written down in the Soul Awareness Discourses and recorded on tapes, so that when I go physically, the community will hold the teachings intact, and they'll be a tremendous light to the world.*

*There always has to be a Traveler here physically, so there will be at Traveler here after I leave the physical body. He may be in Europe or South America or someplace else, but you'll still be in contact with him. And I*

We're looking closely at some of what J-R said about this time, things that he said would take place after he moved into Spirit. So, in a sense, we're checking up on ourselves and looking at what we're following through upon.

*will still work spiritually with those I've initiated even after I leave the physical body. That can't stop. The next Traveler will take over the initiates that I have under my energy field, and they will be in contact with me spiritually through him. And if he is not available physically, my initiates and I will still be in contact spiritually, the same way it is now.*

## From page 234, John-Roger also shared:

*No matter what goes on in the physical world, the Traveler's work still goes on. Spiritually. I work through the next Traveler (John Morton) with the people that I initiate. The ones that Jesus initiated have to be worked with through me, although they do not have to come into my physical presence. When I die, then Jesus and I will both work through the next Traveler because all Travelers have to have a representative on all levels.*

Why does it work that way? Because there is a hierarchy in spirit. And nobody is abandoned.

The work is going on inside. It's going on spiritually more powerfully than ever. Nothing really shifted up spiritually other than it keeps growing. It keeps moving. We're in a movement, so John-Roger is growing. Could he get any mightier or bigger spiritually? Yes. And thank God because we're in the draft. Where he's going is preparing a place for us. And he identified it as the heart of God. Can it get any better than that? I don't know of any better, but I'm open to it. I just look at it that we're going to fulfillment and completion.

## About Initiations

Since 1988, I hold the keys to the Mystical Traveler Consciousness with that authority to do astral, causal, mental, etheric, and soul initiations. John-Roger passed those keys to me in 1988, and I think J-R made that very clear through the years. So I do have those keys and they're still here with me. So that's going to continue. People can still get their first initiations (on the Astral level) when they hear J-R's name. They can also receive their first initiations when they hear my name.

(Continued)

# LOVING JOHN-ROGER ONWARD AND UPWARD

BY JOHN MORTON, DSS

(Continuing)

As you move into soul initiation, as many of you have, the opportunity to work with John-Roger continues. That was already spoken by him. Until Spirit shifts it, and I don't know if or when that would be, J-R is still doing that.

In a soul initiation pamphlet, John-Roger shared that it is not so important that you know a soul initiation here because an initiation takes place on the realms above the soul. So is it possible you have initiations above the soul and you don't know it and you don't realize it? Yes. If an initiation takes place on a realm above soul, even if you don't know it consciously or J-R didn't verify it for you physically, nothing is stopping those initiations above soul.

The initiations above the soul realm pertain to and are activated in those realms. A person needs to be there to know it, and they do know it there in the initiations above the soul. It's being done spiritually. That's clear. Just to make that even more clear, we don't do anything physically when you receive initiations above soul. That's not necessary.

Although John-Roger verified initiations above soul, I'm not going to be in the verification business of above soul initiations, at least until further notice. I won't be confirming or anything like that when it comes to initiations above soul. Does that mean initiations above soul stop? No. Just ask inside. If anything, J-R is in a better position to manage initiations above soul in the consciousness of what he has spoken and of what we heard. So even though something's shifting up about initiations above the soul, here's some information for you for now.

Once you're a soul initiate, there's another part that has to do with working with John-Roger above the soul. That's something he decided. I'm not going to be deciding that for John-Roger. If you want to ask about your initiations above soul, then I suggest you claim it. Talk to John-Roger inside of yourself, in the Spirit. If you feel like you don't know how to do that, then I suggest you learn.

You can talk to John-Roger in a very direct, personal way by calling upon him within. Is that prayer? Yes. Is it strange to pray to Jesus? I don't think so. Would it be strange to pray to John-Roger by asking, "J-R, would you work with me in the levels above soul?" I don't think so.

If you already have that agreement, and you're wondering if you should ask again, ask inside. "J-R, I just want you to know, even though you already communicated the agreement with me to work with me above the soul for initiation, I'm confirming that. I fully want that, and I want whatever I can do to release anything that is no longer necessary."

Above the soul, there is no negativity. It's not there. So, then does initiations above soul have anything to do with releasing negativity. I don't think so. Then what does it have to do with? The Traveler's grace and mercy upon you. The Traveler has the authority and the ability to do it, and it shows you a way. So choose to continue to work with J-R as the Traveler by asking within.

If you're wondering about your record at the MSIA office about your initiations above soul, it is in your record in spirit. So don't make it a concern that they have it in your record at the MSIA office. It really makes no difference. There's not a contest. There's not a ribbon. There's not an award stand for how many initiations you have above the soul. If anything, my view is to more or less be a humble servant. This is what we've been taught by John-Roger. It is not our business to compare with one another.

### John-Roger shared more about initiations above soul:

*Initiations above soul take place even if a person is not aware of them and there is no a push to get them. No urgency in spirit. They continue after a person leaves the body physically and getting them during the physical lifetime is not more important than getting them after the physical lifetime.*

So if you're going to leave the body, initiations above soul continue. So what's the worry? You have your Traveler. I don't have a measure on a greater Traveler. In the spirit, I just see it merge. I see it become incomprehensible from this place. It doesn't have any kind of polarity. It's all unified.

Should you continue going higher? Of course! Please, please continue going higher. While you're in the body? Yes. What does that mean?

Do your spiritual exercises. Feed the spirit. Do it in living love. That's the consciousness that sets up the connection so it's all in one stream, and it's all vibrating the holiness of what it is. That's why there's such forgiveness. Because whatever is the blasphemy, whatever we've done to go against one another or go against God's creation in any form, there is God's mercy and forgiveness.

So even if you think there was something unforgiveable, just ask for an exception. God didn't make anything out of alignment with itself. At some level, God loves all of its creation. So ask that level of creation to love, forgive, and have mercy on whatever it is.

So is it possible you have initiations above the soul and you don't know it and you don't realize it? Yes. If an initiation takes place on a realm above soul, even if you don't know it consciously or J-R didn't verify it for you physically, nothing is stopping those initiations above soul.

### Loving John-Roger Here and Now

I look at John-Roger spiritually, and I invite you to have the look, to see the radiant form, however you are aware of that. And to understand that it is in a more majestic, more powerful presence for all of us. I consider that John-Roger did pick up directly on what Jesus established and his invitation to come to the place that's prepared. And to that, we can go. That's what this invitation has been in his life and all that J-R has been doing.

My experience in the last few days before J-R's passing was that he had been doing whatever was necessary to complete what he came here to do, and to expand it and to expand it beyond anything that we consciously know. There is something for each one of us to discover --- the gift of John-Roger's life that's being given now, that's being presented to each one of us. It's at hand. It's in reach. It's inside. It's in the way we love one another. That's my intention --- to make this church a beautiful demonstration of the majesty, the beauty, the grace, and the love of John-Roger's life.

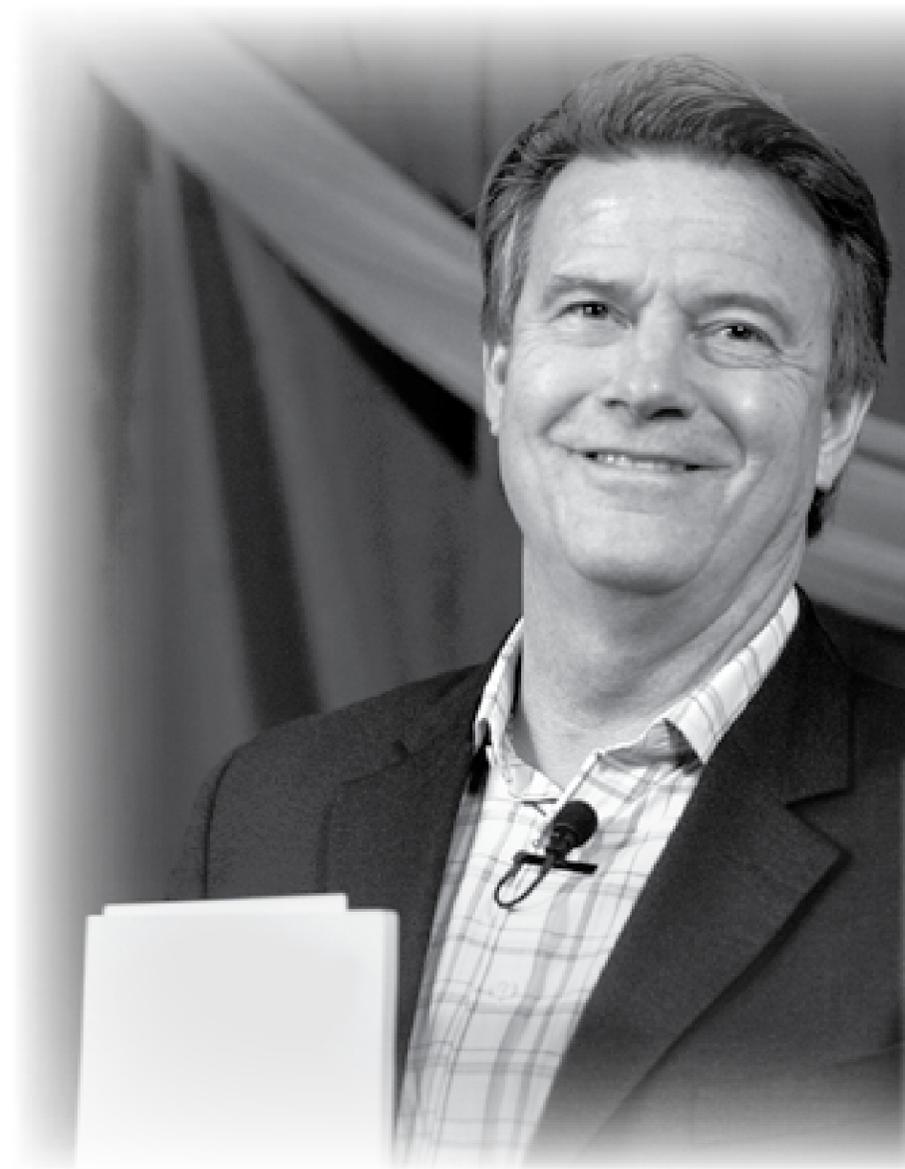

None of us are losing J-R spiritually. He was here with us physically, and I'll just claim that all of us miss that. Shall we have a contest to see who misses J-R the most? No. That would be focusing on what's missing. That's empty. So what do we have? We have a call to follow J-R where he's gone. And not just J-R. All souls.

Focus on where you gain with J-R. If you ever had the chance to be with John-Roger physically and you remember those special moments, be glad you had any opportunity to be with him. Find your gratitude. If you had any experiences with John-Roger since he passed, where did you go to meet up with him? Let's consider you met up with him inside. That's how this works.

Don't look for J-R where he's missing. Look for him where he is, in the form of what he is. It's called the Traveler Consciousness, and that work is still going on.

John-Roger taught us that service is the highest consciousness manifesting in this world. So as we wake up to who we are, we are called into service. And we answer that call. So look around. The opportunity to serve is here and now.

How could you be of real service here and now? You might choose to sit wherever you are and take care of yourself, take in the energy of the Traveler Consciousness and allow yourself to be transported into the Spirit. Often the first work in the Movement of Spiritual Inner Awareness is

what we call spiritual exercise. I also look at it as the worship of God, the love of God which is a commandment.

When you come forth in the maturity of your being, you'll love God. Practically, you love it all. So then where do you start? Wherever you are.

Do your part. That's spiritual exercise. That's harvesting the fields --- the fields of your karma - so that you're in liberation while you're still in the body. That's called Soul Transcendence. That's what's opened up for us all, and those keys are offered unto you as a kingdom that's at hand. That means you can reach out to it and get a hold of it, and the reference is inside.

John-Roger is within us spiritually. So see the face. Hear the words. Feel the embrace. All of that is being shared with us.

Choose to love one another, and choose to love it all. And I hear these words from J-R, "Do this in remembrance of me."

### A Note of Gratitude

Since J-R's passing many of you have kindly been checking in with me about how I am doing. We are family, both spiritually and as the beloved of J-R. We are immersed in the blessings of loving, caring and sharing and especially touching to one another. Please do reach out, touch, tell your stories and especially spend time in the inner communion with the Traveler. Repeat as necessary and to comfort one another.

I have been way behind with my usual routine of getting things done so I could minister to myself and others and just be in fellowship. Still the work of MSIA and PTS continues beautifully with our many offerings.

We are in great preparation for J-R's celebration on November 29, 2014 in Los Angeles. Come let us adore him. Let us celebrate our beloved friend.

My love for all of us is in huge expanse.

Thank you. God bless you all.

JOHN

# Another Bright Spot in the Universe

by John-Roger, DSS

From The New Day Herald  
May/June 1990

It's really appropriate that we're here on Valentine's Day because if we're not doing that which is loving and that which is fun, why do it? Jesus Christ taught us to love one another as he has loved us. That's the direction we're going, and those who are also going that direction will be looking the same way. If they're trying to trip you, stay clear of them--and you'll stay clear. Perhaps they'll trip you even as they're trying to help, and you'll fall.

Have you ever seen skaters doing clown tricks? They skate around and go to pick each other up, and they keep falling over and over. It looks funny except somebody's always getting hurt. Always. Some of those hurts are karmic. And do you know what we say to that? Move on. Some of those hurts are self-imposed. People think, "You didn't do what I wanted, what I thought, what I expected." There's always that big self-possessed I: "I want this, and I think you should be doing that. You aren't. Therefore, I am hurt. And I know you did it." Now, you were there and you said it and did it, but you never said or did it to them as a personal thing to hurt. Still, they'll record it against you and come at you under all the guises. All you do is deflect them with the loving.

A while ago I was talking with John Morton, the Traveler, who holds the keys here for us. And he was having some rough times. I knew it really well because the first two years that I held the Traveler Consciousness--well, I'm so glad none of you were around. I was walking into walls. (I didn't think they were walls; I could see what was on the other side just as clearly as I can see anybody here.) And I was experiencing the "crazies" that go on. So John was having a difficult time, trying to be everything to everybody and to himself and to the people he loves specially the way all that is to work. We were talking one night, and he said something amazing to me: "I'm just going to love you through it all." And I just looked at him and thought, "We'll see. We'll see if you're going to love it through it all." That means me, him, you, all of us.

A lot of people were doing this comparison: Here's J-R, THE TRAVELER. And here's John Morton, the Traveler. They were taking twenty-five years of experience and hard knocks and running a comparison on somebody who'd been doing that for two years. And, folks, there's a hell of a big gap between those types of comparisons. So stop the judging.

The most amazing thing is that people who don't know what the Traveler is are saying John's not the Traveler. Others who don't know what the Traveler is are saying I'm not doing it the way it should be done. Yet if you ask them how it should be done, they don't have the foggiest idea--"but it's not like you're doing it." You people don't even know until you hold the keys; then you may say, "Oh my God, what looked like an excuse to just do anything was really what you had to do. How could you do that?" The answer is, "When you take on this mantle, you do that." You don't necessarily like it, but if you don't love it, it is shitty. (I wasn't going to say that word, but I don't know any other word for it.) And it's like taking the manure and throwing it in the wind: You don't even get a chance to duck. And if you do, you fall in what's on the ground anyway. So you might just as well stand up and take it as it comes along.

Cynically speaking, I think that if John can hang in past the trials and tribulations that the loyal forces of the opposition are going to bring to him--and they have already--plus his own karma, plus marriage karma, plus child karma, plus the initiates' karma, plus, plus, plus, then either he'll be a little tiny guy yelling for help or he's going to be one of these gigantic master forms walking around. Not singularly will he walk in that, but purposefully with all of us.

Since 1983, I've led the most colorful career of anybody that I know of. If I had done everything that I was supposed to have done, I really could have done a lot. But I didn't have time because when you're busy doing your work, you really don't have time to please everyone. But in the midst of all of that negativity of people criticizing and accusing, if you can turn around at the one who throws the mud and just wash your windshield so you can see more clearly and give them love back--that's the moment of your growth. I mean, if people wanted me to get weak, they should have left me alone, because when there's no struggle, you weaken and you collapse.

No, I didn't like it, but I knew it was there, so I said to myself, "How do you deal in this? Other people are going to be watching you physically, and how will they see you deal in this? You talked about loving for a long time; what face of loving do you give?" And that is, when you've done it to the least of these, you've done it to me. So you just love them. Loving doesn't necessarily mean shining their shoes (maybe if they'd brought them, I would have), but it does mean that he who is without sin casts the first stone. And in my purse I don't have any stones. So I don't cast them.

You also get up one more time than you fall. There's the old saying that if you've been thrown off a horse, get right back on. Immediately. Why? So you can lay a consciousness of purpose over a consciousness of hurt. That's how to get out of hurt. Do you know there's no cure for evil? But I'll tell you how you get rid of it. You put the divine on top of it; it absorbs the evil, and it becomes one. Instead of evil pulling divinity down, divinity pulls the evil up. You balance it out, and we have another bright spot in the universe.

And if you have had hurt or grief, remember that loving grieves through and out the other side. Hate, hurt, revenge--all these grieve into it, stop, and destroy everything around. We have to tell the person who's feeling hurt, "Go through it and out the other side. Keep moving out." We're way-showers, but you cannot show someone the way until you've walked it. So if you've been walking in hurt, move through it and out the other side, and then look to see where you can help another.

Years ago, I said, "I'm not going to live in a world without love." I knew I'd exist, but I wouldn't live. I also knew that inside of me, I had strength enough that I could live off the loving that I was in contact with. And I never sought for it out there, because I knew that after the end of that, there would be grave disappointment. Do you know it's built in here? The good Lord built in disappointment so we would not get too tied to this place and we would someday turn around and say, "There's got to be something better, a better place where we're going."

And having the experience of Soul transcendence--and Soul traveling before that, and astral projection before that, and imagination before that, and curiosity in the physical before that, and all sorts of intellectual statements before that, and degrees to back up all of that, which amounted to nothing--having all that, we eventually gave up to our heart and to our spirit. Then we may look out there for someone we can share it with, yet every time we do this, we walk away with wood splinters in our nose.

Everything on this planet, including this Movement of Spiritual Inner Awareness in its outer form, is doomed to fail. The University is, Insight is, the Health Center is, all the corporations are. All organizations in this world are designed to fail because, ultimately, this is all going to be picked up into the spirit world.

The Soul is designed to exist through all eternities. So where are we going to place our loyalties? And how are we going to place them? If you place them out here to me, you make a big mistake. We can love and respect each other, but you'd better place the loyalty inside, where you exist. And if you don't know that, you'd better get in there and find out because you won't know what I'm talking about in the purity of it until you go in there.

That's my message to you. That's my Valentine's greeting to you. That's my love to you. I see your hurt, I hear your cries, I sense your pain. I also know you did it to yourself. And you got other people to cooperate and help you have it. You managed all of it. You didn't manipulate it; you managed it. And then you probably wondered, "Why, why, why, me?" It's because you, you, you did it.

You know the Michael Jackson song: If you want to make the world a better place, take a look at the man in the mirror. If you want to find out who to love, look at the one in the mirror. Start that loving, that healing, regardless of what anybody else on this planet has done. Regardless of all the Hitlers and all the pogroms. Regardless of all the Attila the Huns, the Genghis Khans, the hordes, and the Crusades. Regardless of all that. We have a "right" to be upset or disturbed and all of that, but don't do that because this world needs a lot of loving.

This decade is a decade of creativity in the positive or creativity in the negative. You have to choose the side you want to be on and watch out that the negative doesn't try to convince you that it is the positive. If you haven't listened to the tape "The Spiritual Warrior," do that. Get that imprinted inside of you, because the negative forces come disguised, just as the angels of Light come disguised. You won't know them if you don't know your own heart.

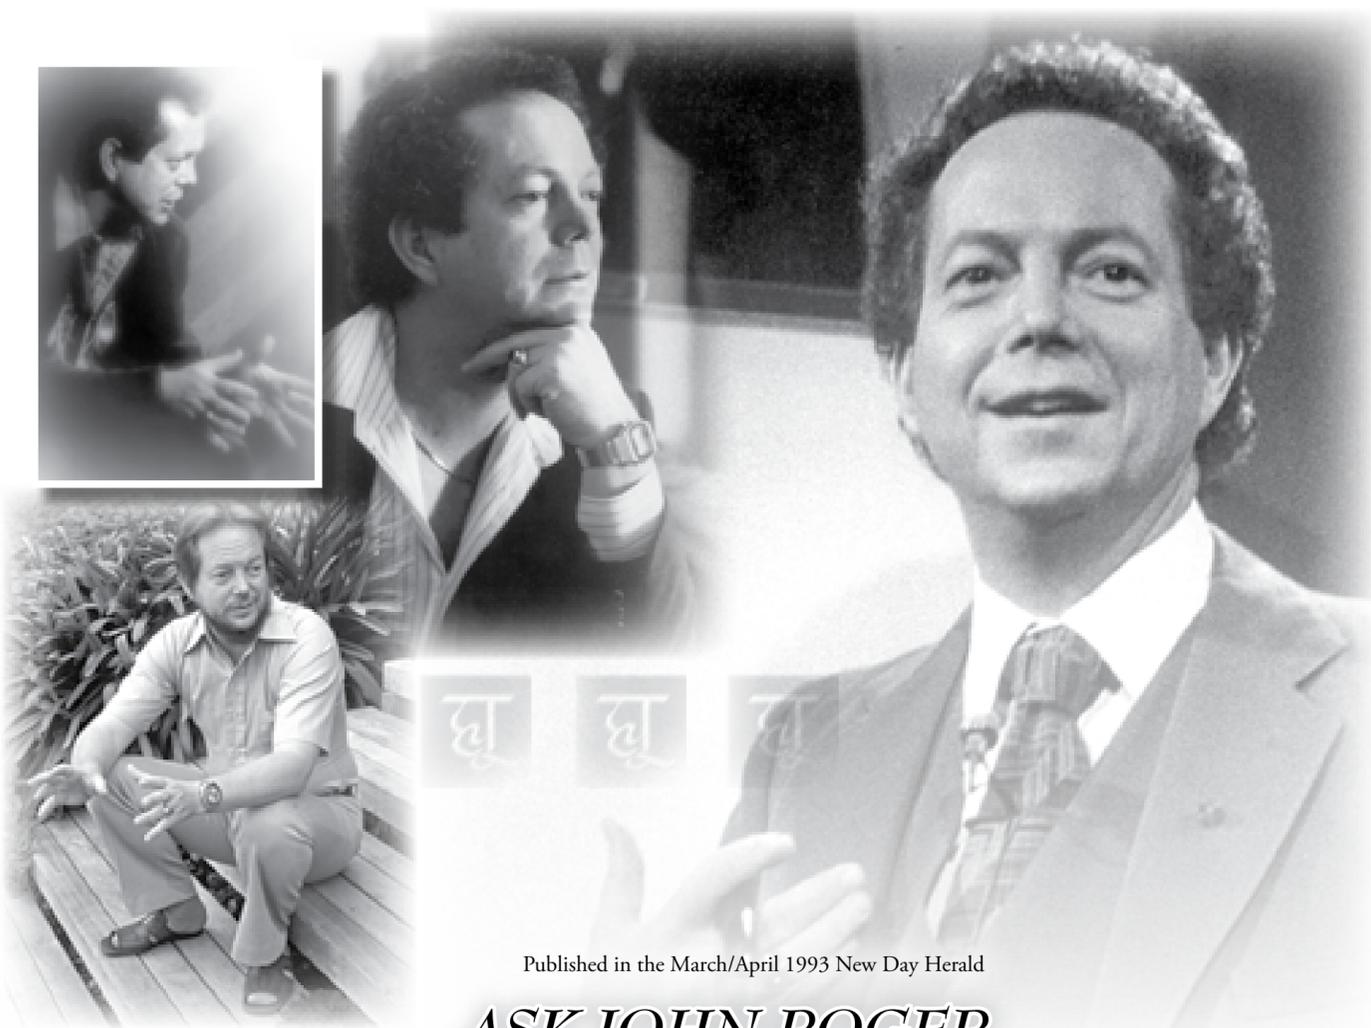

Every day, you have to look back inside yourself to see if you are following an angel of light or one who masquerades. If you don't go back in and check, then whatever happens to you, you earned it. It's your karma. Turn around and love it, and it'll disappear. Turn around and joke and laugh at it, and it will dissolve and you'll exist. Then you'll be your own funny Valentine.

## ASK JOHN-ROGER

What might assist is that when people ask for the Traveler's help, they ask for the Spirit part of the Traveler to help and they focus on that. Too many people focus on the physical part of the Traveler, and then it tends to interrupt the flow of energy to my body. This is how I end up "eating" most of what I "eat" for others. So, it would help a lot to focus on the Spirit part, not the physical part, and then I can do it from the Spirit, not the physical.

**Q:** Many times when I think of you, I will send you the Light or say, "God bless you" to myself. Does this help you in any way?

**A:** Yes, it sure does. Thoughts are transmitted over long distances, and we are affected on many different levels by them. Sending the thought "I love you" or "God bless you" can work wonders, and I appreciate it when you send those words to me.

**Q:** What is the difference between judging someone and telling them that they are stepping on my toes?

**A:** The difference is not in what you do, but in your attitude as you do it. It is possible for you to give someone the information that what they are doing is not working for you with an attitude of openness and neutrality. What happens too often is that we do not speak up right away, and the energy of feeling imposed upon builds up until by the time you get around to saying something, it comes out like an explosion. You have probably created anger, resentment and judgment around the situation by then, which comes across in your communication. Then you may feel guilty, thinking that it was what you said that was the problem when it was the build-up of emotional energy that most likely caused a reaction in the other person. As you learn to speak up in the moment something is go-

ing on, you may find that it becomes more and more easy to take care of yourself without moving into judgment of others or of situations. Watch your attitude; that is the key. For more information, you may want to listen to the seminar, *Letting the Energy Flow, or How Can Negative Patterns Be Changed?*

**Q:** I have heard that when you toss and turn all night, that it may be that my Soul went out on the night travels before I got to sleep. Does that mean that my body can be up and walking around while my Soul is out traveling?

**A:** The Soul moves in and out of the consciousness many, many times during the day, and most people are not aware of it. Your basic self keeps the body functions going and your conscious self can make most of the choices and actions you need to take during the day regardless of whether or not your Soul is present. There are times when so much of your consciousness is pulled from the body to another level that you may feel extremely groggy and unable to focus on this physical level; that is a good time, if you can, to lay the body down and go with what is happening. Now, the strange thing about this is that it is true that you can find yourself feeling very awake and unable to sleep when the Soul has taken off for the night travels before you got

your body and mind relaxed and asleep. Those are the nights when you feel as though you have tossed and turned all night and not gotten "a wink of sleep." If you find yourself in this situation, you can get up and get a little exercise, maybe do a few sit-ups, and you can get yourself a glass of water or maybe make a warm cup of tea, something that will assist the body in relaxing so that your consciousness can slip away into the other levels. And sometimes you can just lay in bed and let the body be restful, even though you don't feel like you are sleeping. If your schedule allows, you might just get up and get some work done, and then sleep again in the morning or later in the day when you are tired. There are so many ways to handle these things; find what works for you, which may also include getting to bed a little earlier so that you can be relaxed and go when your Soul departs for the night travels.

**Q:** I've heard you say, "Command your spiritual eyes to come open." What do you mean by that? What does it look or feel like experientially?

**A:** This is an inner process, and can only be experienced on the inner levels. When you are doing your spiritual exercises or a meditation, you might ask yourself, "Are my spiritual eyes open?" and tell yourself to open them. I cannot really describe to you what it is like when they are open. When you first start opening them,

tion of opening your spiritual eyes and bringing back conscious awareness of what you are perceiving, and then track your results. No one can do this for you or adequately tell you what it is like; you will have to do this for yourself. Just know that it can be done, and start.

**Q:** When I require assistance in sending the Light to a person, due to my lack of neutrality, is it advisable to write to you directly, or does it work just as effectively to go inside and ask?

**A:** When you are not neutral about a situation, your emotions can interfere with a clear action of the Light being sent for the highest good. Your emotions may be sent instead, which can become a controlling situation. If you know that you are not neutral about a situation, you might ask someone who is to send the Light. You might call MSIA ministers in your area, or ask others who are working with the Light. You don't have to tell them the situation; just ask that they send the Light for the highest good so that that action can take place. Remember to ask them to send the Light to you, also.

**Q:** I've heard you say, "Command your spiritual eyes to come open." What do you mean by that? . . .

**A:** This is an inner process, and can only be experienced on the inner levels. When you are doing your spiritual exercises or a meditation, you might ask yourself, "Are my spiritual eyes open?" and tell yourself to open them. . .

**Q:** I just finished the "Traveler through the Ages" class and have learned and grown so much from this experience. What I gained the most is an awareness of the historical significance of the contribution of the Travelers, a glimpse of the importance of the work to be done now, and how the inner and outer work of the initiates and ministers can help to further the Traveler's purpose. I have gained both a greater resolve and strength to do my part. Moving into the beginning of a new millennium with things being shaken up the way that they are, it seems that we may have a particular opportunity and responsibility to further God's work. Do you have any information to share regarding our part to be played in this specific period of time?

**A:** The answers are always the same, and are simple: take care of yourself so you can help take care of others; don't hurt yourself and don't hurt others; use everything for your advancement. What does this look like? Speak kind words. Think loving thoughts. Practice forgiveness. Complete the things you say you will do. If you are studying the Soul Awareness Discourses, you may find a lot of information that can assist you in creating and maintaining a positive focus. All these things begin with you, inside of you, and they are the things that can then make a difference in the world. Do your spiritual exercises with all the loving and devotion you can muster. The more you attune yourself to God's love and Light, the more you can be a part of God's work in this world.

(Continued)

it may be a new experience, and it may take a while for you to begin recognizing what you are perceiving. That is one of the reasons that I recommend keeping a journal; you might track what you are perceiving, and begin to see some consistency and have some familiarity with what you bring back that will become a road map for you. Intention and awareness are keys in this. Go into your spiritual exercises with the inten-

The more you do your spiritual exercises with love and devotion, the greater you may find your ability to attune to the Light and bypass your own levels of upset. You may not feel the Light, but the Light does not necessarily work on the feeling level. Just know that when you ask, with the intention that it go for the highest good, then that is being done.

## ASK JOHN-ROGER

(Continuing)

**Q:** Do you have any tips for me for getting past my resistance to reading my discourse each month?

**A:** The answer really is simple: just do it. Feeling resistant to doing something is not necessarily a reason not to do it; you can recognize that you are feeling resistance, and still do what you have chosen to do. I know that's not always easy, but that is what it takes.

**Q:** I've heard about something called "the night travel", and also that the Traveler can clear karma through dreams so that I don't have to go through certain experiences on the physical. What's the difference between dreaming and night travel, and is it true that karma can be cleared through dreams?

**A:** Dreaming takes place within a person's own levels of consciousness, the lower levels, the inner realms, the "worlds without end." For the most part, the night travel takes place on the spiritual levels and is that part of sleep-state activity that can be used toward Soul transcendence. Put another way, dreams are what we want to learn to go *through* to get to the higher levels of spiritual awareness, and we don't want to keep the focus on the dreaming itself.

Dreaming can also involve a lot of karma-clearing, and karma can be cleared without having to know consciously what was going on or what the karma was. Once the karma is cleared, there's not a lot of use in looking at it. In fact, looking at and analyzing it can reactivate the karma that was cleared.

If you want this work to take place, you can ask for the Traveler to work with you in the dream state to help you release and clear karma for the highest good. A good time to do this is as you go to sleep. Asking and allowing this work to take place is important. The Traveler will never inflict on anyone, so in order for the Traveler to work with you, you must ask, or invite the Traveler in.

If you would like more information on dreams and how you can work with them, you might want to get the book, *Dream Voyages*, which is available through MSIA.

**Q:** When I read a discourse, it seems that what I read relates to the experiences in my life and helps me solve my problems. Can you explain this to me?

**A:** The way it has been set up in Spirit, the discourses provide both an inner and an outer course of study. The information in each discourse is the outer course, and the Traveler Consciousness working with the student on the inner levels of consciousness is the inner one. The two "courses" are set up in Spirit to coincide at a rather high rate.

**Q:** Do you have any tips for me for getting past my resistance to reading my discourse each month?

**A:** The answer really is simple: just do it. Feeling resistant to doing something is not necessarily a reason not to do it; you can recognize that you are feeling resistance, and still do what you have chosen to do. I know that's not always easy, but that is what it takes.

**Q:** Could you explain to me how the Traveler works?

**A:** It's important to remember that the Traveler is not something separate from you. It's a consciousness that is within each person on all levels: the imagination, the mind, the emotions, the unconscious, the Soul, and the Spirit. Each person's inner spiritual journey is an awakening to the Traveler on all the levels, up into the very heart of God. For more information about how this loving consciousness assists people, I highly recommend the seminar, *When the Mystical Traveler Works with You*.

**Q:** I'm a little confused about exactly what the Traveler does and how to relate to it. Can you help me to understand this?

**A:** To get an idea of how the Traveler works with people, you could think of climbing a mountain, say Mount Everest. If reaching the top of it were your goal, you might want to climb with the assistance, suggestions, encouragement, and guidance of someone who has already climbed it and knows the way. Similarly, the Traveler Consciousness is one who knows the way "up the mountain" to the Soul level and above and who can guide and assist you spiritually. Still, though, the climb is always yours. You are the one who does it.

For more information on how the Traveler works with people, you might listen to the seminar called *The Divine Communion*.

**Q:** Why is a Traveler needed? Isn't Christ enough?

**A:** MSIA teaches of five lower realms of Light and numerous higher realms of Light. The lower realms are the physical, astral, causal, mental, and etheric. The higher realms are the Soul and God realms and others which have no names. In order to reach the higher realms, you must first learn to discern the illusions of the lower realms. The Traveler is a wayshower and can assist you in learning about the lower realms and can help you get free of those levels when you become entangled in the illusions there.

Jesus was a spiritual master, who held the consciousness of the Christ when he was living on the earth. He had the ability and the power to initiate his disciples through each of the lower realms and into the Soul realm. Since he is no longer on the planet physically, he cannot do that. It takes another one to be here and hold the power and ability to initiate people at this time. A person can study Christ's teachings and find many beautiful keys and can lift into a great loving consciousness through awakening to Christ in their heart. That doesn't take the place of being initiated and learning to transcend each of

A person can study Christ's teachings and find many beautiful keys and can lift into a great loving consciousness through awakening to Christ in their heart. That doesn't take the place of being initiated and learning to transcend each of the lower realms of Light. . .

**Q:** Does the Traveler work with people on the inner or the outer levels?

**A:** The Traveler Consciousness exists on every level of a person's consciousness, so in that sense, the Traveler works with a person on the person's inner levels. (This is what is meant by "the Traveler within.") This work on the inner levels of the person is a minor part of the work. The major part of the work is outside of the person in the greater part of the spiritual worlds, including transcending all the lower levels and, also, the Soul realm and going directly into the heart of God.

**Q:** If you were just the Traveler and not the Preceptor, too, what difference would that make to me here?

**A:** None.

**Q:** Are we more blessed because of the fact that you are the Preceptor?

**A:** In terms of Spirit, sure. But in terms of the physical, no, because your relationship is with the Traveler. You don't have a relationship with the Preceptor. It's like being married to the woman next to you, but her parents are dead, so what's your relationship to them? Nothing. It's with her. But through her, she may tell you things about them. And you'd be blessed in knowing all of that and you'd say, "Oh, that helps me understand you more because of that." But as far as a direct relationship goes, it wouldn't work.

**Q:** What's the specific difference between being an initiate of the Traveler and being an initiate of the Preceptor Consciousness?

**A:** Initiation is done through the Traveler, not through the Preceptor Consciousness. The same spiritual action takes place when someone is initiated by a Traveler who is also the Preceptor as when someone is initiated by a Traveler who does not hold the Preceptor Consciousness. The Preceptor as such does not have initiates.

(Continued)

There is no conflict in following Christ in your heart and being a student of the Traveler in MSIA.

Jesus taught that the spiritual abilities he manifested were available to all men and women. J-R teaches the same thing. The abilities are available, and a person needs to awaken to the inner divinity before they can demonstrate the abilities. The more you awaken to your true reality, the more they become available to you.

## ASK JOHN-ROGER

(Continuing)

**Q:** *I am doing s.e.'s, but I am not experiencing anything. Am I doing something wrong?*

**A:** Doing s.e.'s is like filling the gas tank of a car. At the gas station, you also check the oil, clean the windshield, put air in the tires, etc. Then you are set to travel. Often, the "travel" will take place during the night—and you may or may not be aware of this. But the important thing is to keep "filling the tank," keep doing s.e.'s to bring in the spiritual energy—even if you don't experience anything during your s.e. time itself. I've said many times, "The only wrong way to do s.e.'s is not to do them."

**Q:** *I've heard people describe the most beautiful experiences from their s.e.'s, and I just don't seem to get anything. I feel like I must not be doing them right. Can you tell me anything that will help?*

**A:** It is important not to compare your experiences in spiritual exercises with those of anyone else. Thinking that you should have a certain experience may block your awareness of Spirit, which always comes in its own way and in its own timing.

You might want to get a copy of *Walking with the Lord*. One key in there is, "very often, the value of doing spiritual exercises is not found at the time you are doing them. It works much like when you run for exercise: you get the benefits after the running is over. In the same way, sometimes you get the benefits of s.e.'s long after they are over." You may want to read *Walking with the Lord* as a way of supporting yourself in your s.e.'s and your dedication to going "home."

**Q:** *Am I doing Soul Transcendence?*

**A:** Soul transcendence is transcending even the Soul level. If you are working with the Traveler to clear karma on the lower levels in preparation for Soul initiation and then Soul transcendence, then you can consider yourself "on the way to Soul transcendence."

**Q:** *What benefits can I get from doing s.e.'s? Is the discipline of doing spiritual exercises regularly going to raise my level of consciousness and free me of karma?*

**A:** A partial yes. The other part of it involves your attitude toward your spiritual exercises. If you do them as a form of punishment, as martyrdom or complaining, spiritual exercises may not do too much. But if you do them as a form of sacredness and holiness and use them as a spiritual time between you and God, the answer to your question is yes. Absolutely.

**Q:** *If there was one thing that I could do here physically that would improve my ability to consciously know the reality of my existence on the higher spiritual levels, what would it be?*

**A:** Spiritual exercises are designed exactly for that purpose.

**Q:** *What helps to work off karma?*

**A:** If a person does s.e.'s and is in contact with the Soul and transcendence, that works off karma.

**Q:** *I am dealing with judgment a lot; it's like a bad habit and I do it so much that it's almost like breathing, I don't even notice when I'm doing it and all of a sudden I feel separated and angry about things. Can you help me with this?*

**A:** There is never any reason to judge any action, yours or someone else's. We're all doing the best we can. We really are, even though we may not think so. You can just go easy on yourself, and love yourself for having the courage and determination to embody on this planet in order to learn the lessons you need in order to go home to God. It can help to think of yourself as a learner, a student. Then whatever you do will be part of your learning, and there will be no need to judge.

Above all, keep coming back to the love and forgiveness. You can even forgive yourself for judging yourself for being judgmental. You can forgive yourself for forgetting to forgive yourself. Forgiveness is the key. It takes you to love, and love is of God.

Another thing that will help you is doing spiritual exercises. By opening up to Spirit in s.e.'s, you allow the healing of patterns such as judgmentalness. Consistently doing s.e.'s—with devotion to the love within you, the love that prompted you to write to me to begin with—will help you to move through these patterns into more loving and acceptance.

To help you understand more about how to switch from judgment to acceptance, I recommend these seminars: *Letting the Energy Flow*, *The Discipline of Liberation* and *How Can Negative Patterns Be Changed?* They contain very good information, as well as providing an opportunity to clear karma and to attune to the Traveler's loving energy.

**Q:** *I hear a lot of talk about karma, but I'm not sure I understand what karma is. Can you explain this to me?*

**A:** Karma is really the law of cause and effect. It directs and, at times, dominates the course of our

physical existence. It is neither negative nor positive, good nor bad. It is simply action, change, experience, and it is governed by a simple dynamic: As you sow, so shall you reap.

*You are living the law that you have created and that you continue to create.* It is important to recognize that you determine what you want to live within as law for yourself. Become aware of your actions and their repercussions, for they will determine your future boundaries, the future law by which you live and are brought the lessons of Spirit.

**Q:** *If all things are happening according to the highest good and in perfect timing, why send the Light?*

**A:** Because Spirit will not look at a plan to see if an alternate can be substituted unless requested from this level of Spirit. In the cosmic sense, all things are ultimately *for the highest good* because not one Soul will be lost. But very few of us function at that cosmic, ultimate level. On this level where most of us function, all things don't necessarily happen for the highest good or in perfect timing. So it's always appropriate to send the Light for the highest good (which is something God knows and we, on our personality levels, don't always know). Sending the Light for the highest good increases the positive energy in a situation and increases the likelihood that *the highest good possible* will take place, as opposed to a not-so-high good.

**Q:** *Would someone be destined to send the Light at a given time?*

**A:** As ministers and initiates—Light bearers—we send Light for the highest good and then turn the situation over to God. Whether someone is "destined" to send the Light doesn't matter; what matters is that Light bearers bear Light as best they can in each situation. And remember that, when we look back, we can always see where we could have done better, could have done more, could have held the Light better, etc. Let all of that go and come to the present and do the best you can now. And keep doing that in the next "now" that you live. And the next and the next...

## Heart-to-Heart Healing

by John-Roger, DSS

J-R shared this information at a seminar in Paris, France in October 1997. Published in the March/April, 1998 NDH

The body now is evolving, and remedies for healing, which were not really popular two hundred years ago but were used, are now being used more openly with many more people. One of those techniques is the laying on of hands for healing. It was always relegated to religious groups, but now it is being relegated to healing groups, and the healing groups are no longer in the religious circles. And it's showing up in individuals all around the world. Here's the bad news: which healer do you go to, to get healed? There are so many. Here's the same problem: which doctor do you go to, to cure your cancer? There are so many specialists.

The problem of salvation won't change. The way we present ourselves to the salvation will change. We're starting to know and sense the body's vibration, and we're starting to become aware of disease in the body before it shows up as disease. There are many doctors now who are into holistic medicine, and I know quite a few. Every one of them has decided to find out for themselves their own spiritual quest. And as they touched into it, they had to give up the restricted thinking and go for an open consciousness. They're being fought by those who are entrenched in power. But one thing is showing up now, which is that the holistic healers are making money from the same patients who are going to allopathic doctors, to chiropractors, to nutritionists. This new healer may very well be a medical doctor who will source their client and let the body present its information in this new way. They will read the information and prescribe. I can't use the word cure. I'll say it this way: people will prescribe the way to their own salvation physically.

But the most wonderful thing coming in is the consciousness that is seeking its Spirit and Soul. You people who have been in the Movement of Spiritual Inner Awareness are about a hundred years ahead of the common people out there, and

we are now being slowed down until others start to catch up. Our job is just to be in the groups, and the Spirit will come through and touch. Those who are ego-driven are going to find that they will not be used as channels of Light. They'll know it by this method: they will wonder if they are doing the right thing with their life because not much will be happening around their life spiritually. People will not be thanking them for being in their life. And they will then start to reevaluate what they thought was spiritual.

Now the body healing action will come to be known as something like this name: heart-to-heart healing. The goodness of one heart will move and touch another heart and will remove the hurts, regrets, and envies. This other heart will then come forward and touch back to the first heart, and these hearts will start to heal each other.

We're going to see it in families first because that's where the healing is most needed now. There is no group that can stop the "Armageddon" except one, and that is the family. And this family made up of individuals and groups as though we were a family will start to stand up physically and state verbally that there can be no more of this.

There will be a large battle. It won't necessarily be a war of destruction, but it will be one where we stand up and fight for the purpose of our existence. We'll do that inside of ourselves through our own spiritual direction. We will not be polarized, because the negative power wants us polarized. It wants us to pull away from each other in self-righteousness. We don't have to resist that. We just have to come forward with the loving heart, and those who are ready to receive of the loving heart will receive.

Now, the question is, will that clear up all the problems on the planet? No. Families always seem to fight. But after you get through fighting, you're still family. In the world now, when we fight, there

is hatred and enmity. And when we win, we try to destroy the loser and punish them severely. One of the first healings that will start to take place will be our reluctance to punish anyone for anything. Instead, it will be an action of moving forward in unity and in balance. This doesn't mean that we'll all be moving in the same way—we may be moving in thousands of different ways—but we will still find we are in harmony and balance with all of them.

When we are not in harmony and balance, it will no longer be spiritual, but it will be ego-driven again, and the negative power will start to reign again. It hasn't lost its grip on the planet. Its main weapon is greed, and its main process is control. So if we just watch greed and control in our own lives, and not use punishment as a format for communication, we'll automatically lift into enlightenment. We won't know how it happens. It will be a by-product of these other actions.

# The Angel of Liberation

by John-Roger, DSS

First printed in the Nov/Dec 1997 New Day Herald

This is information that J-R shared at the PTS Master's Program graduation on June 26, 1997.

Around New Year's Eve, we often see in newspapers or magazines a picture of "death." He comes in a big black cloak, and whatever is in there is horrendous. He carries a big scythe, and he's going to reap, which means to cut down very indiscriminately. When we go to die, we think, "I don't want that dude coming after me. I never worshiped him. That terrible thing is my future, and he's there, staring at me, like, 'Wait till I get ahold of you.'"

With that picture in our minds, it's no wonder that we fight to hang on to this lifetime on this earth, so we don't have to put up with that dude, wherever he's going. And we know inside we're going to hell. Except we know we're not. But we know we are. Except we know we're not. Well, those thoughts keep cycling around inside of us.

I want to tell you that there actually is an angel of death, but that angel of death is not known as the angel of death in the Spirit world. He's the angel of liberation. He's the angel of freedom, the angel of expanding consciousness, the angel of greater and greater opportunity. And you have to pass the test.

You might say, "But I'm an initiate of the Traveler."

"No, you were INITIATED, but you were never an INITIATE, because an initiate does these things--the spiritual exercises. Initiated just is initiated."

I can initiate a dog or a rabbit or a monkey. You have to understand, there's a different calling placed upon people who are initiated and also become initiates. They're the ones who LIVE this whole idea. In MSIA, we come forward with initiations into the Sound Current, the method that God himself set up. It goes back into other universes, and it's as powerful now as the day that it was spoken.

A lot of you have been aware that we have people in the Movement who have been very, very sick and in the hospital, and they look like they're getting ready to make their transition to another place. Our ministers--and a lot of them are PTS graduates--have been going to see our friends, praying and doing communion. The person always perks right up, comes alive, and is vital, and the visitors say, "This person isn't close to dying." But nobody is there twenty-four hours a day, so we don't get to see the time where it hurts. Very few of us get to see the time when somebody hurts.

Imagine that you're sick in your body, and that one more breath is excruciatingly painful. You hope that you don't have to take it, but you're afraid if you don't, you'll die. But if you take it, it will be so painful, you'll wish you would die. What a dilemma. Then in comes the angel of liberation and life (who has been called the angel of death), and that angel says, "I'll take all that from you now." All the pain leaves, and you're filled with the warmth of something wonderful. It's like juices of electricity moving in your body, and you're filling up. You feel free, you feel great, you feel wonderful. You look down and ask, "What's that there on the bed?"

The angel says, "That was your body," and you think, "God! Who would live in that?" That's like us looking down and watching a bear pull a log apart. There are these grubs running around, and the bear picks them up and eats them with relish. Most of us would say, "Oh, God, not me."

So here comes the angel of life and life eternal and life everlasting. When you--as an initiate--are freed by the angel of life, you're moved over into the Sound Current. The Sound Current is all-pervasive, and you can also be in it more directly. It's like this: the air in this room is all-pervasive, but if you want to smell the roses, they're right here, and so you have to get in the area where you can smell them; then you're drawn in. It's like that with the Sound Current, and all you have to do is just listen. You can hear it, follow it, and go into the spheres of heavenly glory. It's wonderful to see people who are doing this while they're alive--doing s.e.'s and having experiences of that heavenly glory.

Peace Theological Seminary and College of Philosophy is probably going to become one of the better-known, if not the best-known, theological seminaries and colleges of philosophy in the United States, if not the world. This is because we're doing and teaching a wisdom and a way to access it and to move through consciousness. Eventually, the technique of how you get to it will be known inside of you automatically, and then you'll just be into it and working it.

People say, "Can I find enlightenment on this path?" and I tell them, "Yes, absolutely. I can guarantee you enlightenment. If you will follow these principles of initiation and Soul Transcendence, you will get it."

They ask, "Does that mean I will get to know anything I want to know?" No, it doesn't mean that. It means you'll have wisdom. Enlightenment is wisdom. It isn't the ability to peek your nose into other people's business. That's messing with their karma. You don't get that, not at all.

"Well, then, how do I get enlightenment?" You start walking and talking as an enlightened being. The principles have been placed there with you, and you can see them, and as you start to do it, the karma drops off.

You might ask, "Well, do enlightened people die right away?" No, they generally live rather a long time. Why? Because they're keeping themselves out of the areas that are poison or toxic to their nature, and they're bringing themselves and their behaviors in line with where they are going spiritually. But some people still say, "Can't I have marijuana once in a while?" Sure, you can have it all day long if you want it. I won't do it. And I'm not going to be doing it with you or hanging around if you do it. Why? I understand the effects of second-hand smoke.

In MSIA, we're getting you to know that there are these different levels of consciousness. I've talked about them for decades, and people are writing me and saying, "You know, you're right. Thirty years ago, you said. . . ." I knew it was right when I said it. I also knew one day that you would know that it was right when YOU said it, and I have a lot of patience for you to know it and say it in your own time.

We're all going to meet in the same plateau of consciousness at some point. When you're there, you're going to realize that the angel of life delivered you there, and you're going to be thankful for that. If you're going to do that THEN, you might as well start doing it NOW.

Baruch Bashan.

He's the angel of liberation. He's the angel of freedom, the angel of expanding consciousness, the angel of greater and greater opportunity.

## J-R On Death

*Q: When someone I care for dies, how can I best support them spiritually?*

**A:** Often the people closest to an individual who is making their transition get caught up in the emotions and have a difficult time holding the Light clearly. A good thing to do is to call other ministers or initiates and ask them to hold the Light for all of the people involved—the individual making the transition and the people close to them.

There is a natural grieving process that goes on when someone you care for leaves this earthly plane. They are going to a far greater place. Those left behind need to deal with their sense of loss, and there are many ways to do this. A good suggestion would be to do free form writing on a regular basis, giving you a place to express all the emotions and thoughts connected with the person who has died. You can also write to me, and either burn or mail the letter. As you write, you are allowing me to work with you on the spiritual levels, and I do what I can to assist. Physical activity is also helpful, and doing service can assist you by allowing you an avenue through which your loving and caring for others can flow.

Baruch Bashan

*Q: Is the transition after death an innately beautiful process?*

**A:** For those who are active initiates of the Traveler, meaning they are doing the spiritual exercises and working within the consciousness of the Traveler, the transition from this level can be a beautiful experience. The initiates are under the Traveler's protection; when an initiate passes over, they are taken by the Traveler to the appropriate level for them before the negative power even knows they have made their transition. What can you do with this information? As always, use it for your advancement. Do your spiritual exercises and work with the Light as best you know how; check out the teachings and practice what works for you. Your transition will be part of God's plan for you and your awareness of what is going on at that time will be a result of the awareness you have created through your spiritual practices while you are living on this level.

## A Necessary Love Affair

by John-Roger, DSS

First published in the NDH Mar/Apr 1995

I'd like to talk a little about a subject that is very tender and very close to people, and that is grief. To me, grieving is a necessary love affair. And illness is a weaning away of people when someone is going to die. Disease is the carrier that helps us wean ourselves away so that when the person dies, we say, "Okay, because I'd rather have you die than suffer the illness anymore." Getting weaned away from those we can't separate from immediately is a real mercy of God.

Sometimes we look at illness as a terrible thing, death as something we're to avoid, and grieving as an unnecessary evil. But I call grieving a love affair. My God! I've grieved over people because I love them. I've got to get my loving out to them somehow, and grieving is the only way I can do it if they're not here.

I've also grieved over people who are alive, and I let them know that. Maybe I've had a bad argument or misunderstanding with someone. I've grieved the misunderstanding, and I've cried with them. We do this because we love them. And we have to allow the person that expression of love, as well as a tender, touching love.

I don't know if I could assist in a hospice because I'm a crier. I probably couldn't say anything because I'd be crying all the time. Somebody's got to grieve with the griever because they're hurting as badly as the person who's dying. In fact, the person who's dying probably isn't hurting that much; they're probably glad to get out of the darn thing. But the people who are left behind—I think there should be something for them.

We suffer the hurts of death because we don't know. I teach that we don't die, so we don't suffer. But when someone we love dies, we suffer from losing the loving, from no longer having the loving returned to us. You see, when people go, we miss them and their love for us: "Who will I have to love me? Mom, now that you are dead, who will love me like you loved me? Dad, now that you're dead, who will love me like you loved me? My spouse, who will love me like you loved me?" Even when we get divorced, it's often, "Who will love me like you loved me?" And we grieve the loss. I think it's a very necessary part of who we are, and I wouldn't want anybody to take grief away.

If a loved one dies or you get divorced and if you don't feel bad about not being together anymore, then what value was there in being together? I would expect to feel bad, or why did I spend the extra time with them, past the time when I felt anything for them? It would have been better to go earlier.

In hospice work, I think we're preparing the relatives of the one who is dying more than we're preparing the person who is dying, but we can still assist the one dying, of course. I know that I want to die with the things around me that I want, and

why can't we give these to people who are in a hospice? I do think pictures that bring the person more to the spirit of himself or herself would be very valuable to have in the room. That may be a picture of a little cat, a dog, a deer, a flower, a stream, a lake—anything, as long as that quality is in it. It's the same with music. There is some music that can help a person come into their Spirit more easily, and that's what we'd like for them, if they are open to it. We can help prepare the dying person for whatever is next. We can help them let this life be whatever it was and show them to the next thing in a way that they have a feeling of fullness so they don't feel like they want to be pulled back to the earth by incompleteness and so they don't get earth-bound.

I think you have to be awfully strong to be a worker in a hospice. I think you need compassion beyond any measure, and the passion to go on beyond any fulfillment. Then you have to do all of that anyway. I don't know if there's enough for the service they render at this important point in a person's life. A person gets close to God at two important points in their life: at birth and at death. At birth you just came in from God with a message of physical life, and at death you're going to God with a message of eternal light. So being at anyone's death is an important place to be, and I wouldn't want to go in there and mess around with somebody's mind and emotions.

When a person is dying, it's a time for them to make peace with everything around them and in them if that's what they want to do (and some people don't). And if narcotics dull the pain so they can have peace and not fight, I'd say very little. But I wouldn't want to relieve the suffering if it was purifying them. There are times when the suffering purifies a person and other times when it pains them, and that's something that has to be looked at on an individual basis.

There are people in the Movement whose job is to die, and my job is to see that they go to the place in the Spirit realms that we've got for them. I know it's better there than here, and I don't delay them or try to hold them back unless they agree to the holdback for others around them or to finish something. If they want this (and it's a spiritual decision), I can often get it for them, though it's not easy to do, and I have to pay something for it. But for an initiate, I pay nothing. That's my right, and I exercise it if it's going to lift more karma for everybody, not only a few people.

If someone I love were dying, I would probably cuddle them up very close in my arms and hold them through their death. (In fact, I've done that.) It may be because I'm the only person I know who, when they close their eyes here and they open their eyes there, will be the same. And they'll know that. I think that moment is when they realize that I kept my word. Up to that point, I have no promise because Travelers don't make promises for the physical level. But when I say, "I will take you there," I do that. You won't know that's true until you get there. I don't say believe it; I say do your spiritual exercises and find out ahead of time. But if you don't want to do them and you just want to trust, it's not that it won't be unfolded. Regardless of what anybody says, I do that.

Baruch Bashan.

When I say, "I will take you there," I do that. You won't know that's true until you get there. I don't say believe it; I say do your spiritual exercises and find out ahead of time.

# Love Songs to J-R from around the world

*Our beautiful J-R... the universe is blessed more and more now J-R that you are in totally spirit with Christ Jesus Sananda and GOD... we love you...*

*Several years ago, J-R and staff came to NYC for a seminar which I attended. I walked up to him and he greeted me with a big hug and I said "I miss you so much, I love it here" to which he replied "Then show up more". Lately reading all the loving light-filled posts about J-R, I hear him speaking to me almost constantly. It really moves my soul to share this. J-R tells me "share more of yourself more openly" so the vulnerable side of me is peeking out here. I realized I was comparing myself with the experience of others wondering why I don't see J-R in my dreams, why I don't see him sitting in my car or on my bed. I hear him as clear as a bell, but no visual. So I asked him yesterday... why? He gently whispered to me in the most loving calm voice "You cannot see me because I'm behind you, pushing and steering you through the realms, protecting you, I have your back." Just like I coach little gymnasts on the beam, I don't stand in front of them, I hold their waist and support them from behind so they learn to be confident and feel like they're doing it themselves. THANK YOU J-R, YOU ARE MY BELOVED now and always... Baruch Bashan*

*Siempre presente, conquistando el amor.*

*The torches are being passed, and I grieve for those whom I have loved dearly that have passed, yet feel a sense of peace about the future. It's as if I have a legion of angels by my side.*

*In the silence of my heart, you sing a song more wondrous than words can ever describe.*

*In the smile behind my eyes you reveal the beauty of the heart and the glory of the soul.*

*Through all the moments of my life you stand as the most beautiful light, guide and precious friend.*

*And in the eternity of now you are... Beloved of God.*

*With every breath I rejoice and Thank God for the miracle of you.*

*Beloved J-R, you were with us before we came here and you are here with us now in the blessing of our hearts. Thank you.*

*When I was on the Japan trip 2001, I had learned that my mother's partner who I loved dearly had been diagnosed with dementia. I was sitting on a bench and J-R came up behind me and put his arms around me. We did not need to speak as I felt his love embracing me, as I feel his love embracing us all now. At our ministers meeting last night Anne shared that our tears are falling into the soil to make seeds for new growth and awareness. God bless us all and heal those parts of ourselves into a greater place of loving shg.*

*I realized today that I have been feeling a little alone and unempowered, part of my pattern on a human level. A quote I had buried on my desk came to me-- by J-R, I believe-- or maybe John:*

*"My appeal is to my God nature. I realize that of my human nature, I am ignorant, I am handicapped. I prefer to be strong, to be wise, and to act in my full faculties, the faculties of God. So-- I am appealing to the faculties of God-- the power, the strength, the consciousness of God, to infuse me."*

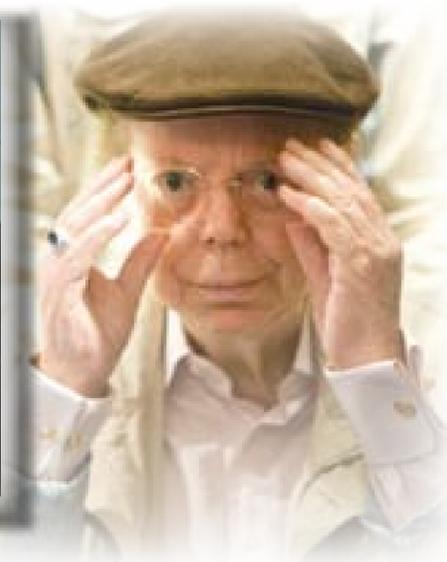

*One thing I learned clearly from J-R, is that everything I need to survive and thrive here on the Planet Earth is already present and accessible inside of me-- through my Soul, my Connection with Spirit, and through the Christ, Traveler, the Preceptor and all the Light Beings and Lines of Energy that are always Present to guide, support and protect me.*

*And when I call on all of That, I am completely One, Whole, Healed, Happy, Healthy, Rich and Empowered. What more could I possibly need?*

*Love Love Love Precious Love*

*I recall J-R saying from what I took away that he would be with us even more when he no longer had the weight of a physical body. That is my experience. What is yours?*

*Thank you for the inner connection, J-R, and blessings on your way.*

*What you mean to me, living or not, is the connection with the Traveler energy: gentleness, loving-heart, sweetness, generosity, fullness, Soul. You teach me to love that in myself: like a child.*

*My precious Brother & Sisters ... I have been so overwhelmed with loving with all your heartfelt sharings ... too humbled to know what to say. My heart too filled for words. I have needed time -- and now I find I am able to share some of the treasures I've been blessed to experience with our Beloved J-R. I hope you enjoy them. Without reservation ... I love you ... all.*

*The tears are a coin with grief on one side and joy on the other. Honestly- I don't miss you beloved friend, I cry with overflowing gratitude for your presence here now. I am loving you J-R!*

*You are always in my Heart and Dreams! What Grace to have worked with you for 45 years as my Teacher and Beloved*

*Traveler. J-R a great light has left us physically, you are now lighting up the Heavens in an even greater way! Loving you!*

*J-R my most Beloved friend and teacher. My heart is full with Peace and Gratitude for ALL of you. You gave ALL to the very last drop of ALL. You have sacrificed for many and I know you have done that because of your immense loving for us all. Your loving to me always sings in my heart as bubbles of immense JOY and PEACE. There really are absolutely no words to truly express what is in my heart, my soul, so I will continue to sing to you in my heart, and I will continue to receive your loving notes vibrating through my being. You are home and I am so happy for you. Since your passing those words "I am always with you" are settling more and more in my consciousness. I kiss you tenderly and hold your sacred loving close in my heart. Baruch Bachan are words of truth and you have lived and demonstrated this fully. Thank you.*

# Love Songs to J-R from around the world (cont'd)

(Continuing from Page 27)

*You're my guy, J-R. I will love you forever. I know you are still with us all.*

*Tears come to my eyes when I think of J-R or see his picture because I miss him. At the same time I am so happy for him now. I am so grateful for knowing him and being one of the ones hanging on to his coat tails. He once told me that he fulfilled everything that he was to do here to the button. Let's celebrate!*

*J-R is everywhere - so active inside me now, since his passing into spirit - I feel more loving - more grounded in the Traveler than ever before...powerful and energizing beyond the beyond! How blessed are we!?!?! ya!*

*How can I mourn, when there is no loss. Everywhere I am, we are one. 'I love you J-R'*

*J-R seems to have left me with the gift of more creativity. I'm on my way to painting but want to share another poem with you:*

*Rejoicing in heaven.*

*Laughter reverberating throughout the Realms*

*Across the chasms of time.*

*Golden visions of angels*

*Welcoming John-Roger home*

*Job well done Spiritual Warrior*

*J-R, I am feeling gratefull and blessed. I keep feeling your presence and that gives me a sense of calmness and profound loving in silence!!!!*

*So much to say...so many heartfelt experiences...inner and outer...yet so little to say...even as I type, J-R is right here...free and joyful...in the Kingdom...inside...more present and powerful than ever...*

*When the news of the passing of J-R into spirit came to me, there was a deep feeling of love and calmness that greeted me. I'm not sure i had experienced that kind of feeling before. I think that tells me the kind of love and peace that followed J-R's passage into spirit. I am feeling that that presence is more now. I hadn't the opportunity of meeting J-R face to face, but i am meeting him inside almost always. I am thanking J-R for allowing me to be his student. J-R, i adore you. Thanks so very much for working with me and transforming me into a brand new person. I love you.*

*God speed dear friend you are LOVE and LIGHT.*

*I woke up with a grief hangover this morning. (Sigh). Doing what J-R has taught me about accepting what is, and then get back up again one more time.*

*Know it may sound funny but I just love J-Rs arms. They were so rich and full and I don't know they just had this beautiful feeling about them. Was as if they were reaching out and hugging before you ever even got close to them. Was I feeling his arms tonight?*

*I and my family love you J-R! your teachings are still rolling in our hearts today. An immensely helpful practical guide to achieve spiritual heights, thank you,sir.*

*You've been my hero since I was 9 years old. What an honor it has been to be your student. I love you J-R. God-speed my friend. xo*

*Beloved dad, dearest friend, my way-shower, you are so present and alive in my heart this morning. From the day we met him in 1969, I knew I was home. That is more true today than ever. If there were only words to say thank you. Suffice it to say, I Love You John-Roger, let's keep on going.*

*Thinking of you All and sending Loving Light I feel J-R everywhere There is so much Love in the air.*

*Yesterday I was with my heart full of grief and cried alot, today woke up experiencing a profound joy and with a special burst of energy. It was actually avery productive day. I have no doubt it has todo with the Traveler.*

*I shared this with my fellow Insight Facilitator in Latin America and some of the had a similar experience. Did anyone else feel something like this today? I feel so taken care of...*

*Beloved J-R: my life changed completely the day I met you in 1973, in ways I could never have imagined. Indeed, you have always been with me and as I learned this morning of the physical transition, I continue to be aware of your continuing presence. Thank you for Being and demonstrating the Living Love. And thank you for the gift of helping me transition Insight from a personal growth seminar into a profound experience of that Living Love.*

*John-Roger taught me how to live my life from a more peaceful place, to take care of myself, to recharge and to step boldly into the future. He taught me about sanctuaries, about wealth, happiness, joy, gratitude and grace and how to bring them all together in balance. This is a place of beauty that nurtures my heart and frees my soul. God bless you J-R, thank you.*

*My Dear Beloved J-R: Now that you are walking beyond the High Country in the full Spirit of Who You Are, You are even more present inside of me, and brilliantly shining in the Spirit. I rejoice in your Freedom and Grace and Joy. I can see you smiling in my Heart. May God's Love and Light be with our MSIA Family as we move forward into the Light and into the Heart of God. Thank you for being You, and being my friend.*

*To be honest... I am just so sad. The happiest times of my life have been sitting with J-R. I miss you.*

*I told him that I missed him one time, and he hugged me and told me "I can tell you God loves you".*

*I just miss him so much.*

*No words can express my gratitude for the Educational experience you created for myself and others that transformed and brought deep level healing for more room to be in my loving.*

*All my love to your soul!*

*I never met you, Beloved J-R, but I feel your loving presence in every guided meditation, in every book that I read.. Thank you, J-R for your loving service! God bless your Soul!*

*When Ian was 10 years old J-R told him that he would leave the planet when Ian was 21. Ian is 21.....God bless you my dearest friend, my spiritual teacher, and the man who made me laugh and cry and open my heart wide. I love you. I know you are here with me always.*

*Dearest J-R thank you ...*

*For so much for so many , and on personal note for your support and encouragement. x*

*J-R You came into my life 37 years ago. I thank God for you, the never ending loving that flows through my life.*

*Bitter sweet time for myself I've been listening to this all morning: keep the peace, keep the harmony, keep the balance, keep moving on no matter what; this is our genetic right; and what choice do we have but to go on.*

*My beloved John-Roger, your wisdom has guided me through so many stages of my life from childhood through adolescence, young adulthood, and on. I have so many memories of your loving guidance when I needed it, physically and otherwise. My heart sings knowing that you are unfettered and preparing the way home for me and so many others. Your love enfolds me, my love enfolds you.*

*My life changed when I found you on all my levels of existence. Those organizations you inspired, the souls you helped awaken and the loving you radiated to all will forever leave their mark on this planet and beyond.*

*God Bless you as the travel the inner realms; assisting, awakening and loving as always. I celebrate and honour you.*

## MSIA

The MOVEMENT OF SPIRITUAL INNER AWARENESS (MSIA) teaches Soul Transcendence, which is becoming aware of oneself as a Soul, and, more than that, as one with God. Soul Awareness Discourses are the heart of MSIA's teachings. They offer many practical keys to more successful living. Even more important, they offer keys to greater spiritual awareness and knowledge of the Soul. MSIA's approach is to present activities and techniques that direct us toward the Spirit and loving that are the essence of who we are, and to provide support for practicing those things if people choose to use them.

In MSIA we respect any approach that encourages people on their path home to God. We certainly don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy. The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

## USM

USM was founded in 1976 by John-Roger and is a private graduate school offering Master's degrees in Spiritual Psychology and Spiritual Psychology with an Emphasis in Consciousness, Health, and Healing. Known as the Worldwide Center for the Study and Practice of Spiritual Psychology, USM's mission is communicating the principles and practices of Spiritual Psychology worldwide through the process of Soul-Centered education.

Soul-Centered education recognizes spiritual reality and begins with the assertion that rather than human beings who have a soul, we are more accurately described as souls having a human experience. This assertion evokes a radical paradigm shift, which results in a psychological and educational process whose goal is to bring forth the beauty, wisdom, and compassion inherent in every human being.

This experiential educational paradigm evokes in students their own answers to the three essential questions: Who am I? Why am I here and what is my purpose? How can I make a meaningful contribution in the world?

## HEARTFELT

THE HEARTFELT FOUNDATION, founded in 1979 by John-Roger, is a volunteer-driven service organization which is operated through the Church of the Movement of Spiritual Inner Awareness (MSIA), a 501(c)3 nonprofit organization. 100% of donations received go to those we serve. Heartfelt's mission statement is: "Changing people's lives through the healing power of heartfelt service." People and the heart are a primary focus of our work, and volunteers are the key to our success.

The Foundation's service includes assisting at-risk and in-need families, providing support and services to disadvantaged or abused children, helping the homeless and comforting the sick. Thousands of people in need have been served by our loving volunteers.

An important part of Heartfelt's work is the HeartReach Program, which reaches out with food, medicine loving and caring hearts and Light support to members of our spiritual family who are undergoing life-challenging or medical crises. As a result of the short-term support that HeartReach is able to provide, people are cared for through difficult situations.

The John-Roger Legacy Fund within MSIA

ensures that the teachings of the Mystical Traveler are available for many years to those who are looking for them. The Fund's prime objective is to continue to maintain the archives of J-R's spiritual work and to share it with the world, and to support MSIA, as necessary, as a conduit to maintain the availability of the Traveler's teachings and to preserve John-Roger's legacy.

How to Contribute to the  
John-Roger Legacy Fund

1. By Mail: Mail check or credit card number with dollar amount and indicate that your contribution is for the John-Roger Legacy Fund: MSIA, 3500 W. Adams Blvd., Los Angeles, CA 90018
2. By phone: 323.737.4055 to donate by credit card.

## INITIATION

If you are just starting the Soul Awareness Discourses, Discourse #1 explains initiation into the Sound Current. You may choose to study the Discourses with the intention to be initiated on this path, or to simply read them as information. If you do choose to study toward initiation, the Traveler works with you more closely, and you may notice a greater spiritual awareness in your own consciousness as this work goes on.

If you are studying toward initiation, you need to write and mail a letter to the Traveler that this is your intention. If you have written and mailed your intention to the Traveler, you can apply for initiation when you have completed Discourse 24.

## THE MSIA MINISTRY

The MSIA ministry is for initiates of the Traveler who are called inwardly to serve the spirit of their hearts.

Service may be in any form, from volunteering for the Church to assisting people in need or organizations that serve those people, and anything in between. The only requirement is that the ministry is active and done regularly.

MSIA ministers may perform services, like marriages, that clergy of other denominations are authorized to do as long as they comply with the laws of the locality in which they serve.

People who have received initiation into the Sound Current through the Traveler may request an Application for Ordination packet from:

Ministerial Services In Action • 3500 W. Adams Blvd. • Los Angeles, CA 90018

## WRITING TO JOHN MORTON

Sometimes people reading Discourses, especially those studying toward initiation, want to write to John Morton. Writing often helps you let go of a troubling situation and open more to the Traveler's assistance inwardly.

As soon as you write to John Morton, he gets the message on the spiritual levels, and they do what Spirit allows. Then, to let go of the situation in your consciousness, you burn or mail your letter. Whether you burn or mail what you wrote, you may find that you get your answers on the inner levels, sometimes very quickly. You may also experience greater calm, clarity, or peace, which can help you go through whatever challenges you face.

We suggest that you place the situation in the Light, ask for clarification during s.e.'s, dreams, etc., and then look for the answers within you. Often reading a Discourse or listening to an MSIA tape (either at home or at a seminar) will provide keys to assist you in handling your situation. You can also refer to any of the numerous books by John-Roger and John Morton to find information that relates to what you are dealing with. These two have shared so much with us over the years, and we encourage you to send your letters via e-mail, using these addresses:

For John Morton: [letterjohnmorton@msia.org](mailto:letterjohnmorton@msia.org)

If you live in the United States and if you send your letter to John in hard copy via the mail, you need to include a self-addressed stamped envelope (SASE) if you want a reply from either of them.

Many hundreds of people write personal letters each month to The Traveler, so please note that even if you do send a letter by e-mail or if you do send in an SASE with your letter, you may not receive a response back. This does not imply that your concern is not important or that you are being ignored. There simply may be no need for a physical reply, or there may be no answer available to you at the time you write.

In addition to the e-mail addresses above, mail to John Morton can be sent to:

MSIA • P.O. Box 513935 • Los Angeles, CA 90051-1935

 Assistant Clinical Professor UCLA School of Medicine*

"I'm refreshed, rejuvenated and energized after spending time at **Best of Super III**! All the sharing was so profound and I learned so much from each and everyone there."

*Miriam Oroshnik, Owner, Eastern Aero Marine*

"**Best of Super II**: what a blessing. Three days immersed in loving, learning more about, confirming and deepening what I always knew, being unconditionally supported by the facilitators, and sharing in each other's growth and upliftment. All at a beautiful place with service of the highest order; wrapped in caring, kindness, consideration, and grace. A monumental, profound experience. Thank you."

*Kevin McMillan, Guest Services Coordinator*
