IF YOU ARE NEW TO MSIA:

Soul Transcendence

The purpose of the Movement of Spiritual Inner Awareness (MSIA) is to teach Soul Transcendence, which is becoming aware of yourself as a Soul and as one with God, not as a theory but as a living reality. Your Soul is who you truly are; it is more than your body, your thoughts, or your feelings. It is the highest aspect of yourself, where you and God are one.

MSIA provides a variety of tools and techniques that allow you to experience your Soul and enhance your awareness of God.

Equally important, MSIA presents an approach that focuses on incorporating spirituality into your everyday life. We call this "practical spirituality." It allows you to attune more deeply to your Soul and to increasingly live from that awareness.

In MSIA, we respect any approach that encourages people on their path home to God. We don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy.

The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

If you would like more information about MSIA, or to further explore its teachings, please visit our website at www.msia.org or contact us at: 800/ 899-2665 or servicedesk@msia.org

THE MYSTICAL TRAVELER

AND MORE

The name of God is actually unspeakable. In the center is what we could call the It of Itself. (This still says nothing, but we have to use words for communication on this level, even though what I am saying is a “lie” because these spiritual things can’t really be put into words.) This It of Itself is what we’re going towards, and there are many pathways into God.

There are many realms of Light and many forces of Light. There is what we call the Supreme God, or the Sarmad, although the name of God is actually unspeakable. In the center is what we could call the It of Itself. (This still says nothing, but we have to use words for communication on this level, even though what I am saying is a “lie” because these spiritual things can’t really be put into words.) This It of Itself is what we’re going towards, and there are many pathways into God.

How does the Mystical Traveler fit in? The Traveler’s work here is to take the Soul back up to the fifth realm, the Soul realm. That’s

all. If you want to go higher, that’s something else, and after you receive the Soul initiation physically, you and the Traveler may make another agreement to work together spiritually above the Soul realm.

You have to be ready for a Mystical Traveler in order to have one work with you. We can trace back through the ages and see that many of the mystery schools, the hierophants, the adepts all had a Mystical Traveler, who taught them the way into the higher realms of Light—taught them, showed them, and, when that person allowed it, took them, but never would violate their consciousness on any level—not just the person consciously

here, but also the basic consciousness and the high-self consciousness.

Within the Soul realm, the realm of self-realization, you realize your true self. This is not the little self, not the “I” of your personality, but the “I” of the God-man. We all must enter into self-realization because this is really the true home of the self. At this point is the Sat Guru.

Sat Nam was a Sat Guru. Sat Nam is the Lord of this dispensation, who manifests Light to all layers and levels. Sat Nam is the one who, through checking through dispensations of karmic actions, through involvement, through dedication to mankind, through focus, through all the actions, chooses you to work under what we call in Western society the Christ Light or Christ Consciousness. Although this is Western terminology, it does not denote race, religion, creed, or color. In the universes, it is called the Light Bearer.

The Sat Guru picks you out. You could be down here in the physical, and he could come to your Soul body and take you through the realms of Light, maybe not in one lifetime, although that could happen; maybe it would be in fifteen lifetimes. The Sat Guru takes you through all these realms and initiates you through every realm of consciousness so that you come to the Sarmad, so that you become It of Itself and recognize what is there in the absolute reality. At this point of absolute reality, you know that everything else is an illusion.

All in the Soul realm and above is pure Spirit. All below the Soul realm is negative (but not bad) Spirit; it is negative like on a battery, which has both positive and negative poles and needs both to function. The Mystical Traveler is not subject to these negative realms or to karmic law unless he allows it. Whoever is anchoring the Traveler Consciousness here on the planet will usually accept upon himself something to keep him in the physical. It could be having one leg a lot shorter than the other leg, or it could be a hunched back. He’ll take something that will put him here to keep him aware of his physical body because to be a Mystical Traveler, you must function on all levels of Light, which includes the physical level. (Anyone who does not function on the physical level is not a Light Master.) This is the highest office that we all will inherit through our dispensations. We inherit it through the line of these Masters that we call upon.

Many lifetimes have been spent by many Souls evolving into the consciousness of the Mystical Traveler, and, when they’ve gotten there, they have sat next to great senators and priests and kings, and nobody knew that that humble person was a Mystical Traveler, but he was still doing his work of bringing those Souls back into the God center that otherwise would have had to go a longer route. There are many people who do Soul travel, and there are many schools that will teach you Soul travel. You can Soul

travel out of the body, but you cannot enter into higher realms of consciousness unless you come into a Mystical Traveler, who is on all realms of consciousness.

God is everywhere in all things, from the highest intellect to the dumbest intellect. The Mystical Traveler must do this, also. When entering into the great mentality of the Universal Mind, for example, the Traveler will often bring forth tremendous knowledge. The Traveler can also come into the consciousness of a person who might not know what's going on. When the Traveler is in the lowest consciousness, people who are higher may say, "That's a stupid thing to do," but the Traveler is here to lift all mankind. This means that the Traveler must come to all mankind, not only to a little group.

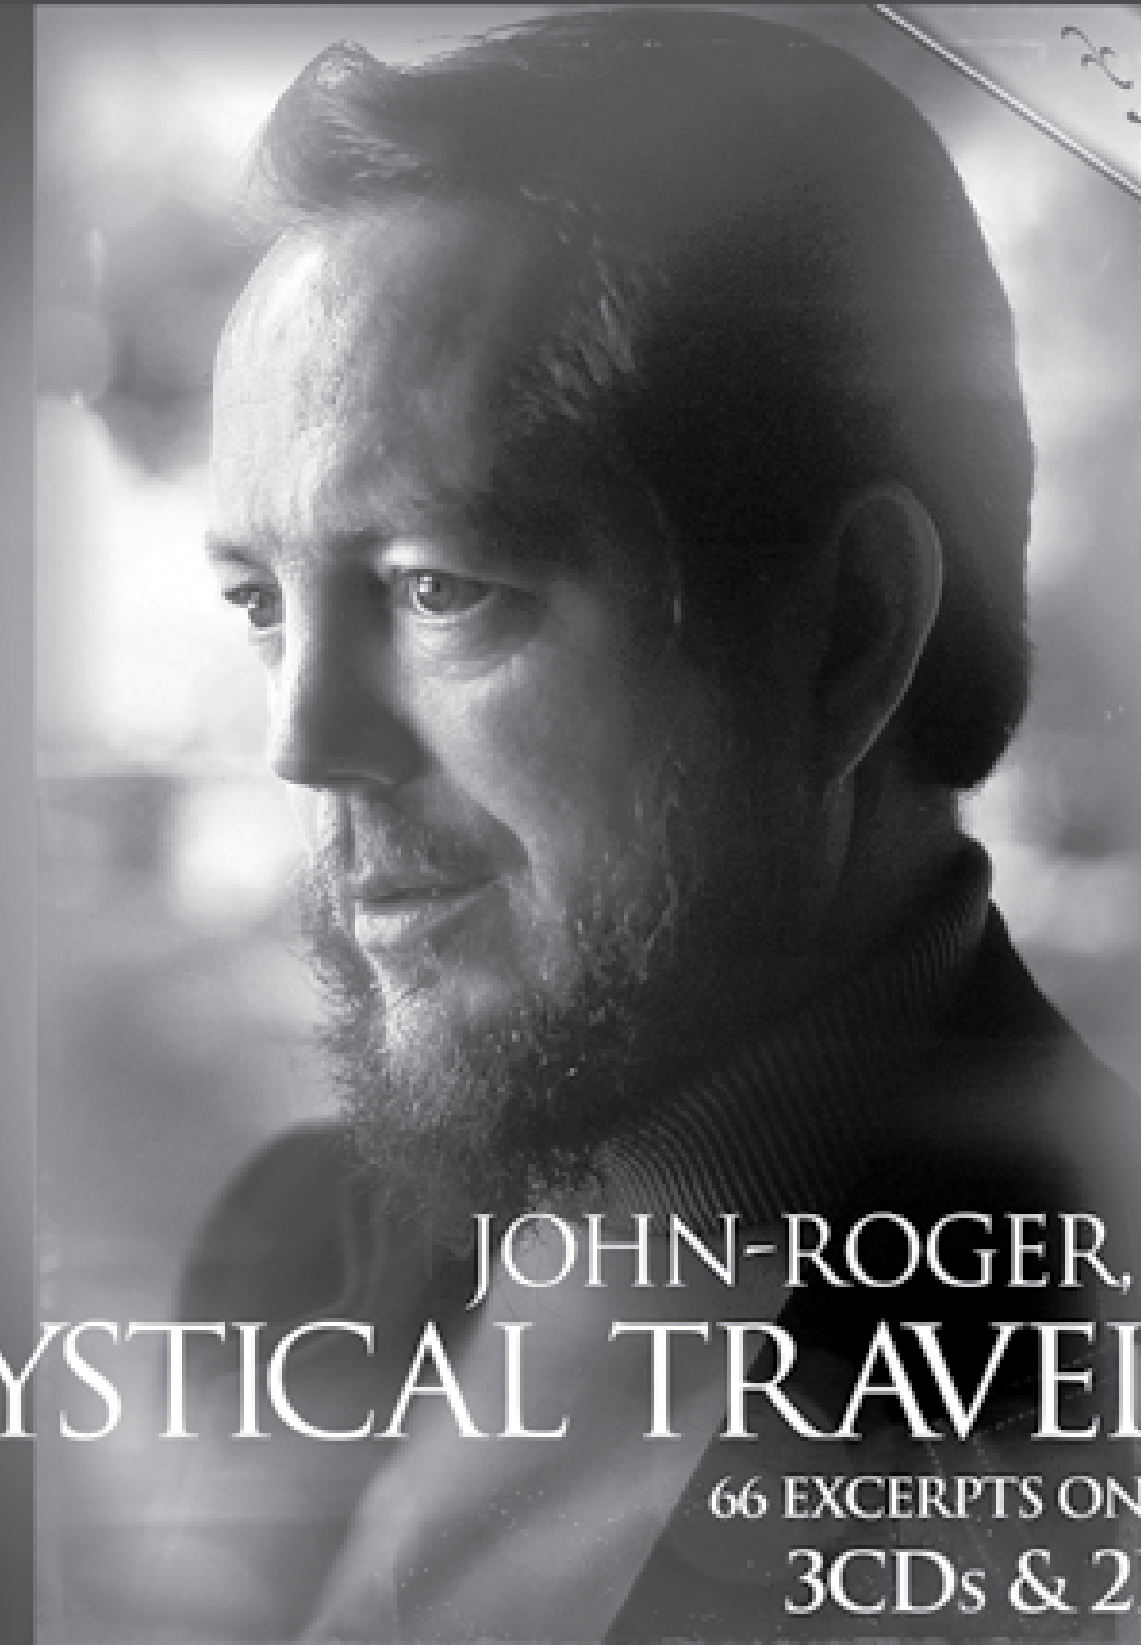

The Traveler always gives up to God—always. He will always say, "It is God that is doing it." A lot of people say, "John-Roger, thank you for doing this," and I say, "The Light did it." All I'm doing is working like a transformer to step down the Light into this level of consciousness here. But it is God. It is always God.

Sharing your Divine Gifts

by John Morton, DSS

Is it possible to have help for discovering your gifts? Yes. I recognize and honor the help that I've received. It's wise to ask and receive all of the help that's available that's for your highest good as a soul.

To bring your natural, divine gifts more fully into the world, you must first go within. You don't have to go anywhere else to find them. You don't need to go into a cave, climb a mountain somewhere or ask permission of anyone. Discovering your inner gifts is not about satisfying somebody's condition outwardly. Your gifts are inside, and they're discovered by tuning within.

Is it possible to have help for discovering your gifts? Yes. I recognize and honor the help that I've received. It's wise to ask and receive all of the help that's available that's for your highest good as a soul.

I'm not referring to help that might handicap you, anything that would be a weakening and you might say, "I'm not really using my gifts. I'm using someone else's talents, someone else's abilities, someone else's money." I'm not referring to help such as stealing or using something without permission that isn't yours. I'm talking about the gifts from God that are inherent in each one

of us for our learning, growth and upliftment and for the greater good.

I often say, "Everyone is a genius." We have amazing abilities, and these abilities are on the order of God, the power and focus of God. God does amazing things. We need to learn what that is for each one of us.

We may have been born with that knowing; we may have known our destiny from early on. Perhaps we knew what we were to become, and then we may have told others. Whether anyone believed us or not, really doesn't matter. We can still demonstrate the knowing of our inherent gifts from God by choosing to cooperate in the Lord's will.

Some people have a sense their whole life of knowing their destiny. Then there are those who wonder, so their gifts may be yet undiscovered. We could be talking about someone well up in years chronologically, but it doesn't matter how old you are. Regardless of your age, you

can emanate from your true nature, your natural way of being.

When we share our natural gifts, it becomes not just second nature but first nature. It's completely natural to express our divine gifts. It makes us hum and vibrate in equilibrium with what God intended for us to do as we are, in our personal nature and expression. That's another way of saying that we're all destined to be happy and fulfilled in our individual expression.

Some people believe that there are those who are cursed so they are forever in eternal damnation. I don't see it that way, and I don't believe in that sort of thinking. To me, that's a great lie that's been told. In following that lie, people can feel very limited in what they do with their lives. They can have unnecessary feelings of discouragement, either self-imposed or implanted by others.

Staying On Course

If you feel unsatisfied with your life, then you're off course. When you're off course, you're not happy. When you're out of alignment with your soul's purpose, you're not fully connected and engaged as the power of who you are.

John-Roger wrote a wonderful book, *The Power Within You*. It has a lot of information about these amazing gifts and abilities that translate into God's abilities or universal abilities. The universal mind, when engaged, becomes our own mind.

You may ask, "How do you know that?" I go to the level inside me that knows, and I experience that knowing. It involves the learning and expression of my abilities and skills. We're all in development and in a divine learning and discovery process.

I'm not saying we come upon these great abilities and our genius is fully developed so we just push a button and our gifts are expressed. Then again, some people have that ability. Mozart is one of those whom you could say had these abilities at the very earliest moment. It was just a matter of having his fingers long enough to hit the piano keys, his arms long enough to reach, and his mind developed enough so he could play and write down the music he heard within.

I encourage you to share your gifts. I choose to demonstrate my gifts in what God has called me to do. One of my so-called limitations is having had some kind of speech impediment when I was younger. I went to speech classes when I was in grammar school. Teachers thought there was something about how I talked that indicated that I had an issue, some biological or brain issue that they felt perhaps could be corrected with speech classes. Then again, perhaps they thought I would mumble or stumble my speech for the rest of my life. And now one of the ways I share my gifts is as a public speaker.

I'm not the only one who's ever had a story like that. In the Bible, Moses had a speech impediment or something on that order. "Moses said to the Lord, 'Pardon your servant, Lord. I have never been eloquent, neither in the past nor since you have spoken to your servant. I am slow of speech and tongue.'" [Exodus 4:10-11, NIV]. Moses was called by God, and he chose to cooperate and speak to his people.

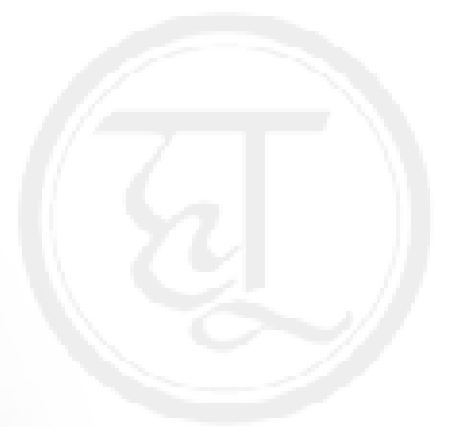

Acceptance and Communion with God

At the first level of participation in sharing your gifts is acceptance of God's purpose and in what God's doing. That's the first law of Spirit. Why would things in this world be set up so we do acceptance as a first order? So that we can be with what God's doing instead of resisting it or denying it. What is up often then is the opportunity for us to participate fully.

In order to be in communion with God's purpose, we need to take it in, not partially but completely so that we are in a oneness with it. If we're in any way not accepting, if there's any push back or resistance, then we put ourselves in a position of separation.

Coming into communion with God would be through our trust and faith. In my trust and faith in God, then I resonate with God's creation. As we get in tune with that trust and faith, then we resonate. And that resonating has a communion; it's in common.

(Continued)

Early on, when we were going to facilitate an Initiates Retreat, I asked John-Roger, "What about the physical level? Is there a theme?" And he said, "Yes." So I asked, "What is it?" And he said, "Well, what do you think?" And I said, "I think it's attention." He said, "Write it down."

So in the physical level, for an initiate of the Traveler, attention is the name of the game. We need to pay attention here in this world. And the thing that I do quite often is ask, "Lord, what would you have me do?" Then I pay attention to what comes forward as an opportunity for my soul.

Sharing YOUR Divine Gifts

by John Morton, DSS

Between the spiritual laws of acceptance and understanding is the law of cooperation. One of the divine purposes of being in this level is getting into cooperation with how things are functioning here in this world.

(Continuing)

One way to think of communion is we have common ground. We see eye to eye. We hear in the same way. We understand, which is another law of Spirit.

Between the spiritual laws of acceptance and understanding is the law of cooperation. One of the divine purposes of being in this level is getting into cooperation with how things are functioning here in this world. With cooperation, you're able to move beyond a struggle. You can get through challenges so you're out the other side. And you can say, "Now Lord, what would you have me do? What would you like from me?" That's often my question as I choose to participate in what God's doing.

God's Intention for You

There's a part of our creation that we call the causal level. It refers to cause and effect, sowing and reaping, or what goes around comes around. We're all dealing with it. So even if you're feeling full of grace, you're still subject to cause and effect. Regardless of whatever you're involved in, no one is exempt from responsibility at the causal level.

There is nothing in God's creation that is not loved. If you will go through and do the best you can to accept and cooperate with what is in this world, you're going to get the love. Not just some puny love, but God's love which is omnipotent, unconditional love.

It would be great if we were in the consciousness of loving all the time. However, in this world, we don't always experience everything as loving. There's something about being human that sets up a sense that it's not always loving, whatever it is.

You have an opportunity in each moment to step into the loving. Loving is not meant to be held. It's meant to be let go and expressed and ridden upon. So move into the loving. Go with the loving. Choose to love.

You can call forward God's intention for you. This is another way of relating to Soul Transcendence. We're calling forward God's intention for us as something we refer to as the Spiritual Promise --- we are to vibrate as our soul nature.

You can vibrate into what you want to create. We do that through vibrating into what we call the names of God. Chanting of the initiatory names or tones can seem foreign at times. You may feel you don't relate or the names don't sound like your language. Yet, chanting the initiatory names are what's put forth in the Teachings for us as an opportunity and blessing from God.

When we chant the names of God, we're vibrating. When we call ourselves forward into the Light and we chant Ani Hu, we can hear and feel that vibration. There's a beautiful harmonic when we chant in acceptance and in bringing in God's name, calling it forward and calling ourselves forward to it. We vibrate in a cooperation that we relate to as empathy, which is another spiritual law.

Another spiritual law is enthusiasm, which relates to the part of us wanting and choosing to surrender to God. Enthusiasm has to do with oneness. If we were looking at what we're doing in the Movement of Spiritual Inner Awareness, we're moving into a oneness with God. And it's already done. So there's already oneness.

Another spiritual law is enthusiasm, which relates to the part of us wanting and choosing to surrender to God. Enthusiasm has to do with oneness. If we were looking at what we're doing in the Movement of Spiritual Inner Awareness, we're moving into a oneness with God. And it's already done. So there's already oneness.

Attention and Intention

Movement has vibration. If you looked at music being played, something's moving. An instrument vibrates the molecules of the air and that creates sound. We can hear the harmonics in the sound. We can also hear what the harmonic is inwardly. Consider that you have the knowing of the harmonic of your soul at an unconscious level. You have it as a knowing of God, and as a knowing of God by intention.

John-Roger has shared with us the themes for the levels of initiation. For the astral level, it's ambition. For the causal level it's devotion. For the mental level, it's dedication. For the etheric level, it's consecration. And for the soul level, it's liberation.

Early on, when we were going to facilitate an Initiates Retreat, I asked John-Roger, "What about the physical level? Is there a theme?" And he said, "Yes." So I asked, "What is it?" And he said, "Well, what do you think?" And I said, "I think it's attention." He said, "Write it down."

So in the physical level, for an initiate of the Traveler, attention is the name of the game. We need to pay attention here in this world. And the thing that I do quite often is ask, "Lord, what would you have me do?" Then I pay attention to what comes forward as an opportunity for my soul.

If you ask that of the Lord, be prepared to respond immediately. Don't think, "Well, okay but later" or "When I'm good and ready" because that's not what you asked for. Our Lord is working in the immediacy --- right here and now in this moment. So it's important to pay attention to what is presented to you in each moment as an opportunity for your soul's learning and growth.

As you look to respond, there's a responsibility to come into the highest nature of what it is. In MSIA, we say that we go from the top down and from the inside out. We're pulling the energy forward, and we're reaching in and up. That's our intention.

I look at it as our willingness to put aside whatever are the personal levels of concerns that come as restrictions. A willingness to do gives the ability to do. So if you want to do God, then surrender into God and become one with God. If you want to do the Lord's will, then you need to claim it as an intention that translates into doing.

Faith and trust is in the doing on this level. That's where it works. Faith without works is asleep. So let's wake it up. We have a God of mercy and forgiveness, and we're going to God. So get up, get going, and move forward in your trust.

God does some mysterious things, and sometimes we may not like it. What happens may bother or upset us. When you give yourself an

opportunity in your faith and trust to expand, to open up, you come into the law of empathy. And you can have empathy for God even in times of great challenge.

Consider an act of God, maybe a catastrophic event or an event that we don't control, like tornadoes and floods. In the bible, those are considered acts of God. Rather than individually or collectively saying, "This is awful, terrible, and God should stop this," we can come into empathy with God out of our faith and trust.

We don't have a God that doesn't know what's going on or doesn't know what's being done. There's never a moment like that. So in our faith and trust, we come into a harmonic so we're in synchronicity with what God is doing.

God Blesses You

In the movement and communication of who and what are we in this world, what I see for us is God plants a seed. All the blessings come in that seed, and that seed is present in each and every one of us. The soul comes into this incarnation in full communion, in full understanding of who are we and what are we doing here. It's a divine understanding. So when we're born, we're incarnated in the blessings of that complete knowing and understanding of God's will being done. As we come into that knowing, we resonate with it. We become at peace with it, and we begin to act accordingly. We are then in accordance with the Lord's will and our inherent gifts. We're in the one accord of the Spirit pouring itself out and then manifesting itself in the flesh as us, the beloved children of God.

How would we know that we are those in that one accord? We love one another as God loves us.

I love you. We all love each other in our heart of hearts. I know that through my trust and faith.

Choose to love as God loves you, and share what God has blessed you with as your Spiritual Promise, the divine gifts of your soul.

WINDERMERE TOURS AT CONFERENCE TIME

by Debbie Roth

After this year's Conference of the Mystical Traveler, IWP offered complimentary Peace Tours to Windermere Ranch from LA on Monday July 8 and Tuesday July 9. We had three vans filled with people go up to the Ranch, plus multiple cars with folks who volunteered to drive & follow the vans. In total, we had almost 100 people visit Windermere for the two days!!!

Our entertaining (and quite loving) IWP Volunteer Dave Wright led tours once folks got to Windermere, and we had three wonderful van drivers to support folks in getting to the Ranch. (Thank you Andrew Baillie, Win Hampton, and Joseph Casan!) Peacemakers from around the world had a chance to see the Ranch, connect with the horses, llamas, sheep, goats, mini cattle, chickens, and turkeys and just be present in the peace of nature and each other.

I hope to see you at the Ranch soon!

"On Monday and Tuesday Windermere Ranch was overrun. They came in cars, vans and SUVs. It was a happening! 80 or so amazing Souls ready to "sacredize" everything they saw and touched. We circled up and, everyone being a human in good standing, we called in the Light and finished eating. Then we piled into the back of the pickup (not all at once) and checked out the ponds, the healing rocks of Queilin, the horses at Horse Flats, and all the turkeys, chickens, dogs, llamas, sheep, goats and wayward tour guides you'd ever want to meet -- even in Vegas!

We laughed -- a lot! Not sure at what but who cares! And everywhere that we all went the light was sure to go. What a blessing to bless the land, let the land bless us and just be as one like peanut butter and chocolate!

Thank you van drivers, staff, Deb Roth, Travelers and the internet.

Come to Windermere! You -- and the ranch -- will be glad you did! God Bless!"

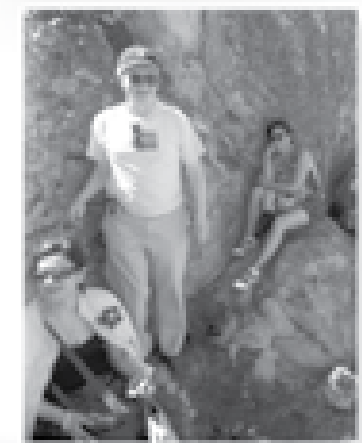

**-Dave Wright
Windermere Tour Guide**

"Yes, I have seen Wonderland on this planet and it is called Windermere. A land where horses heal, turkeys gathers in circle, as in a lecture, listening at our sharing and partaking in our experiences. The goats greeting us expressively. The Shephard dog barking a sentimental goodbye leaving us with a tear. Casper the llama looking over to us from the distance like a sphinx, immobile and powerfully noble. The rocks and crystal doing some silent tricks with our physiologies and the beauty of the landscape stirring communion with all there is.

Then we left in awe of this Eden inner/outer experience. Thank you J-R for your vision of Windermere, thank you Debbie and Dave for allowing access to this treasure and thank you to all supporting and working at Windermere."

"I had the Blessing of visiting Windermere on Tuesday July 9th. Having last visited 25 years ago, I found the energies to be as beautifully peaceful and grounded as I remembered..."

"I found it the most beautifully Grace-filled, joyous and absolutely nurturing experience!! From the trip up, which was easy and grace-ful, to the lunch sharing, I found Peace pervading All. Stepping on the land was a truly sacred experience, and I felt the power rocks all around the property embracing, holding and welcoming me with a gentle and strong JOY. Meeting and being joyfully nuzzled by the glorious horse Dawn, I felt welcomed home and peaceful and energized at the same time. I feel so blessed to be part of Peace, and of the Light action that occurred when we reinforced the Light columns already present. Thank Hu God and IWP!!"

**-Much Loving Light,

"So hard to put into words the joy I experienced. By the end of the day, I had met people from Switzerland, Mexico, Chile, Argentina, Colombia, Venezuela, Brazil, England, Canada, Australia, and many different states within the U.S.—amazing when you stop to think about it. The grounds of course are stunning, and the interaction with the horses is so special. I would encourage anyone who has not had the opportunity to visit to take the time to do so. It is a place of many blessings."

**PRANA FESTIVAL AND CONCERT
BEGINS THE CONFERENCE OF THE
MYSTICAL TRAVELER**

by Alison King, photos by Kelly Sheehan-Funk

Tears of grateful recognition came to my eyes as Penelope and I walked into Prana for the Prana Festival on Wednesday, the first day of Conference this year, celebrating 50 amazing and wonderful years of the Traveler as we know it. I was greeted by the smiles and hugs of familiar and unfamiliar faces, introduced to a number of new friends and once again, as always, felt like I was home. We took the tours of all 3 buildings, marveled at the history and architectural delights, and generally basked in the Light and Love so palpably present. We returned to Prana to find iced tea and cookies available in the dining room, and amid much enthusiastic reconnecting, it was soon announced that lunch was ready. We all gathered around the Labyrinth as Paul Kaye called in The Light, and we chanted, not just 3, but 5(!) Ani-Hus. Again, the tears. Gratitude, longing, comfort, joy...

The event also included a concert entitled "The Travelers Through Their Music" featuring lovely piano music from Merrill Collins, vocals from Cheri Jamison, and clarinet by Alethea Lamb. Beautiful!!

**COMMUNICATING LIVING LOVE
AT CONFERENCE
WITH JOHN MORTON**

by Penelope Bright

The Wednesday night workshop event, "Communicating Living Love", was WAY more than I expected. There was abundant joy and enthusiasm on the faces from around the world, greeting one another in sweet recognition. We had opportunity to communicate Living Love in a group exercise, or one-on-one, or with ourselves. We joined hands in a huge circle around the room and danced, thanks to John Morton's enthusiastic vision, and the wonderful voices of Denise and Eric Lumiere, singing a long-time MSIA favorite, "Gather Together." A Blessed Beginning of the Conference of the Mystical Traveler!

**SERVING THROUGH
THE EYES OF LOVE: ALL
REPS MEETING AT THE
CONFERENCE OF THE
MYSTICAL TRAVELER**

by Terilee Wunderman

From around the world and reaching to the "corners of the earth," we gathered to communicate living love through our service to the Mystical Traveler within each and every one. From the roomful of devoted volunteers to our spiritual family tuning in on-line, we honored and renewed our dedication to serving all from our loving hearts. After tender, joyful sharings amongst ourselves, we were blessed with John Morton's presence and his enduring reminder that we are those who love one another. We can communicate living love through our words, a caring touch, or when we look at one another through the eyes of love. Then we are a living expression of the Soul, sharing the joy of the Lord in service to all.

**GALA
CELEBRATION
AT THE CONFERENCE OF
THE MYSTICAL TRAVELER**

by Glenn Barnett

J-R's 50 years & John Morton's 25 years as the Mystical Traveler was the best night of Conference entertainment ever. How could it not be? The focus of love for our travelers lasted long after they left the room and continued until 11:30. The tone was set by MCs Joey Hubbard and Wayne Pepper who got us in the mood for celebration with their practiced poise and obvious love for J-R and John. A Latin tribute, singing nuns, a surprise flash mob song, MSIA favorites Nat Sharatt & Erik Raleigh, and Eric Lumiere, Deborah Martinez and Jsu. Thanks also to a young Claire Morton whose '16 tons' is destined to be a movement classic. Then came the dancing with Brad Pie and the Black Eyed Peas with John Morton! I hope that if you are reading this you were here or watching online because we are going to be talking about this one for years.

PTS MASTERS & DOCTORAL GRADUATION 2013

by Marjorie Eaton

July 4th, 2013 truly is "Let Freedom Ring" for the graduates completing their Masters and Doctoral degrees in Spiritual Science. "Christ resides in you, the Kingdom of Heaven is present," we hear J-R's words, and the Graduation of the "pinnacle classes in the Traveler's Mystery School" begins. Paul Kaye, our MC shared about the IHOP online classes, the DSS4A pilot Online class starting in the fall, and the DSS Year 1 world wide online class starting in 2014. Paul then introduced the new PTS administrative team: Melissa Ward, Doreen Dietsche, Sherie Wylie. Gratefully and proudly I watched my friends, Prana neighbors and staff graduate from the MSS and DSS classes. This year, was especially joyful after the LA class received their diplomas, then the classes from Brazil and Mexico took their turns. Then Paul introduced John Morton, and the Mystical Traveler shared with us all. And, yes, we all also experienced the sacred silence.

A BOUNTY OF PEACEMAKER BLESSINGS: IIWP GATHERING OF PEACEMAKERS AT THE CONFERENCE OF THE MYSTICAL TRAVELER

by Terilee Wunderman

Gathering together from around the world, live and online, we shared an abundance of peacemaker blessings. In dyad and guided inner processes, we explored how we can allow ourselves to have greater awareness of the peace already present and then how to share our blessings of peace more fully in the world. We adopted qualities of peace through the IIWP Adopt-a-Quality program, supporting ourselves as we support the precious animals and their devoted caretakers at the Windermere Ranch. John Morton then provided a bountiful, powerful blessing for peacemakers, encouraging us in a deeply inspiring demonstration of his openness and devotion, to bring forward our peace, now more than ever, wherever we happen to be on our beloved planet. What a bounty of blessings we bring forward as peacemakers!

“You see, God created us and He didn’t use any junk to do it. Sometimes you want to take who you are as a creative being and make junk, thinking that’s going to be acceptable. At the level we are working in this PTS doctoral program, I want to be clear with you that it’s not. The thing we’re on the planet to learn is discipline toward God’s direction. That discipline is not a punishment. It’s joy. And it’s a real thankful thing to have.”

**BLESSINGS OF THE TRAVELER
AT THE MYSTICAL TRAVELER
WORKSHOP**

by Ania Sara

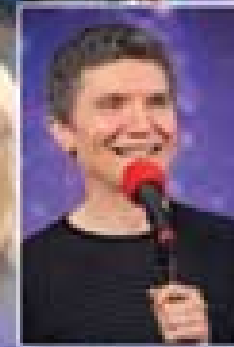

I participated in The Conference of The Mystical Traveler Workshop on Friday, facilitated by Pauli Sanderson and Candace Semigran. They were outstanding in their presentation of this very touching experience of working with our personal Mystical Traveler within. Candace and Pauli beautifully led us through their joyful moments and experiences of meeting John-Roger when he taught high school English in Rosemead, California. We enjoyed inspiring J-R excerpts and Moments of Peace as well as participating in exercises that tapped into the heart of who we truly are. There were a lot of special moments, however the moments that touched me the deepest were the constant reminders of what J-R has freely shared with us in his loving over the last 50 years, and how many people have been repeatedly touched by that loving grace. John Morton finished our day with sharing and ended with one of his powerful blessings. I finished this day of the workshop with a greater respect, honoring the Spirit inside of me as the Traveler. I am truly grateful for the blessings this conference is bringing.

**DAY 2 OF THE
MYSTICAL TRAVELER
WORKSHOP**

by Dave Wright

Got sacred? Of course you do. You're reading this account of Day 2 of the Conference of the Mystical Traveler, so got sacred! Well we hit four figures in attendance and we all got along really well! And why not? We had Candy and Pauli telling us stories of things that took place fifty years ago! And I remembered them. Hmmm. We also took a journey of J-R excerpts, an amazing song by Deb Martinez, beautiful sharings, blessings, and teachings with John Morton and Michael Hayes, and a lot of love that drifted around the room like a breeze from heaven and Disneyland. Phil Danza demonstrated a thumb drive that provides enough J-R material to keep you listening for 40 days straight 24/7. At which time you return from the desert and save Burbank. I was glad I was there and I'm glad that 21 countries tuned in online! God Bless us all.

MINISTERS MEETING AT THE CONFERENCE OF THE MYSTICAL TRAVELER

by Laren Bright

For me, the Conference ministers meeting started at 7:30 am when 20 ordaining ministers met to ordain 31 new ministers — a new Conference record. In all the years we've been doing this, we have not experienced the intensity of Light and energy that was present for this.

Finishing about 11:30 we went right into the actual ministers meeting MC'd by the vibrant, witty, and charming Laren Bright. (Okay, I was kidding about the vibrant, witty and charming part, but I did MC the meeting.) It started with the incredible voice of Ariel Downs singing Ave Maria and then calling us forward into the Light, which led to some silent SEs to prepare us for the proceedings.

Three Minister of the Year Awards were presented to Marcos Cajina of Spain, and Laurie Lerner and Pauli Sanderson, who live here in LA.

Phil Danza, head of NOW Productions, demonstrated the massive amounts of J-R material now available on iPad, iPod and thumb drive. Paul Kaye led a seeding meditation, then introduced the other members of the MSIA Presidency who delivered three MSIA Volunteer of the Year awards to Mark Samuel, Michael Peck, and Lesley Dupont.

J-R's presence inspired and instructed us through a DVD with excerpts of his wisdom at Conference ministers meetings through the years.

John was called to share with us, and he presented two lifetime service awards to Laren Bright (he was very shocked) and Genie Ford (who was gracious, as always).

All in all it was a phenomenal meeting, with the Traveler very present and awakening more and more in us all.

INITIATES MEETING AT THE CONFERENCE OF THE MYSTICAL TRAVELER

by Ezra Mack

The Conference of the Mystical Traveler Initiates Meeting 2013 was opened by Louise Davidson of Australia singing a beautiful version of Amazing Grace, followed by a calling in of the Light. Phil Danza, of NOW Productions, then introduced vintage J-R videos. We then experienced a beautiful and personalized rendition of 'Till There Was You, sung by Kate Sexton Blakeslee.

Phil then introduced John Morton, Spiritual Director of MSIA, who led us in SEs for a time. With over 1,200 initiates attending in person, it was quite an experience to sit in Spiritual Exercises and hold in peace. As a primary focus of MSIA is teaching Soul Transcendence, and the primary method of study within MSIA is Spiritual Exercises, I found it deeply moving to sit together in peace in this way, honoring God, honoring the dedication and service of more than 50 years and 25 years respectively of John-Roger and John Morton, and honoring ourselves and each other.

If you did not attend Conference this year and want to participate and experience it, or if you attended and want to touch back into that peace, or if you are simply curious what the Kingdom of Heaven is really like, and want a hint as to where to look for it, please join us online and view the open events that are archived from The Conference of The Mystical Traveler, and check it out for yourself. As John-Roger has frequently said, don't believe what he, or anybody else might say, but check the information out for yourself, look to your own experience, and have the whit to use what works for you and let the rest go.

May God Bless you and keep you, and May God Bless us all.

THANK YOU, JOHN-ROGER, for your continual love and guidance. We feel your Presence behind the scenes, molding and shaping MSIA into the vehicle that it is, and will be, for the teachings of Spirit through you to reach into the world and touch to those who are open and who are looking for them.

WE LOVE YOU. It is our honor, and our great blessing, to serve in this way.

PK, Mark, and Vincent,
MSIA PRESIDENCY

We Honor You...

You have closely followed and heard Spirit's call. And you have combined it with your wisdom, thoughtfulness, loving, and humor, serving the Traveler's work for many years without hesitation or conditions. You are indeed a valued and esteemed servant of the Lord.

We honor you and thank you,

Laren Bright

J-R Comes to Berkeley

by Carol Jones

Carol Jones:

To us East Coasters, Berkeley had its own mystique and romance. In the height of the then "Revolutionary Movement," I dreamed of landing on Telegraph Ave, bell bottoms, halter top, and flowers in my hair. Painted cheeks, and grinning ear to ear, abuzz with some kind of illegal substance. Meanwhile, among all that smoke and all those trinkets, Berkeley was surprisingly being scrubbed up by the buzz of the coming of the Traveler.

Check out the fun and touching accounts of MSIAers who found the Traveler in Berkeley.

John Cawley goes on to say:

"I high-tailed to Los Angeles and stayed at J-R's house. One morning J-R got up late and suggested we all get in the car. We were going to brunch. In the prior years I had worked my way through numerous extreme diets: macrobiotic, vegetarian, and others. When I met J-R, I was still mostly vegetarian and had extremely rigid ideas about diet. J-R took us to Love's Wood Pit Barbecue restaurant. I demurely ordered cottage cheese. J-R ordered ribs and, sitting across from me, devoured them with animated gusto—a gusto that got grease on his face! The only thing I can say to my credit is that it didn't take me too long to realize he was "eating" my judgments and rigidity and pointing the way to freedom.

"After my first Friday night tape seminar, I never went back to the Ananda Marga ashram. I didn't know very much about John-Roger, and even less about MSIA, but I knew I had come home."

Cheryl Allen tells of J-R's first visit:

"I got the first Light Study and J-R related to me that I had been an astrologer in the court of King Solomon and Jim (Shere) was the head of that group. This made a lot of sense since I was always uncharacteristically in awe of Jim.

"A couple days later J-R held the first live seminar in Berkeley with 12 of us present. From the moment he started to speak my mouth fell open and remained so for the entire seminar. Finally, I had found the one I had been looking for since I was a teenager. We started holding weekly seminars at the Sheres' and the rest is history."

From Barbara Wuchner (Jordan, Delacour):

Barbara and daughter Shelly Meet John-Roger in Berkeley:

"I arrived at the home and he walked toward me, looking past me without saying a word and said, "Where's Shelly?" He always wanted to con-

nect with her and I was really happy about their relationship. Once, the night before he was to visit us I made him a special cheesecake. I did the HU's all the time I was preparing the cake and sat next to the oven as it was baking and did the HU's out loud! I was very excited about presenting the cheesecake to J-R. I brought the cheesecake over to the house the night before he was to arrive. There were a lot of hungry MSIA people there and one of them seemed to be an authority on what J-R ate which did not include dairy products. Yikes!!! The HU cheesecake was devoured by all that evening, including myself. The next day I told J-R that I did make him a cheesecake but I was told he could not eat it because of a dairy allergy and we had all eaten it the night before. He looked at me a little strangely and said, "I would have eaten that cheesecake."

"After the seminar he gave that evening at Astrologos (Barbara and Jim Shere's place), Shelly sat on J-R's lap and I stood on the other side of him. He called us "My two girls."

"Visiting Los Angeles, at the Light Castle seminars I would sit on the floor at J-R's feet like a lot of us did at that time. J-R told me I was walking around in Soul Consciousness at one point and I knew it in my heart that doing the HU's had quite an effect on me. I felt like every cell in my body was vibrating with a buzz! It did not last more than a few days, just enough to give me an experience I remembered as a child. I had experienced that same kind of life surging through me at around 4 years old.

Did you know Rachael Jayne lived in Berkeley? Here's what she remembers:

"I heard about this guy who did readings. In late December 1971 I signed up for a Light Study having never met J-R or even gone to a seminar. Here I was, a Berkeley hippy, and I arrive at the Holiday Inn in San Francisco's Fisherman's Wharf, the Captains Suite. I remember walking in and seeing this guy with a crew cut who looked like a used car salesman.

"Within minutes I had my first experience of the miracle of J-R. How did he know me? How could he know so much about me? And what was this amazing energy I was experiencing? I remember thinking, 'Even after really good sex I don't feel this good!' I remember the very first thing he said to me. 'You've come a long way, (pause) and you have a long way to go!' No kidding! Within three weeks of my Light Study I was attending regular taped seminars and had quit taking drugs. So my journey began."

Jackie Peterson's account:

"I listened to J-R and something inside of me clicked."

"Barbara Shere kept asking me if I would go back to another seminar. After three weeks I finally looked at her and said, 'If I go back there, even once, nothing in my life will be the same. My values, the things that are important to me, everything will change.

"For the next few months I went around happily telling people I had finally found a teacher who "wasn't down on dope". After all, I was told not to do drugs for only three days after the balance. Well, at my next balance, Michael Sun combed my aura and immediately asked if I had been doing drugs. I responded that I had held off for the three required

days. He told me that if I was going to keep doing drugs I would be better off spending my money on some good dope instead of aura balances! As my next aura balance was completed, J-R walked into the room rubbing his hands together and said they were ready to ordain me. J-R led to this little room between his kitchen and garage and the guys on the staff came in and I was ordained. Afterwards, they all left and I sat with J-R. I looked at him and said that all of a sudden I wanted to move to Los Angeles. He told me to do it right away. Otherwise, he said, in six months I would say I was going to do that but never would. I went home and packed and was moved in about a month."

Lori Matson recalls:

"I remember my first aura balance. It was a strange experience. I couldn't figure out how something as intangible as an aura could be balanced, but during the session, I felt energy moving over my body and something changing. J-R popped in during the balancing to point out a pattern that showed up in my aura. He seemed to know everything about me. When I talked with him briefly after my balance, I was struck by his joy and the energy around him. I was not used to being around someone so joyful and Light-filled. (At the time I would not have called it that. But I saw something very unique in him.)

"By the time that Astrologos seminar was over, I understood more of who this man John-Roger was. I guess I took in more of the loving that he is. My heart opened in a way I had never experienced before, especially with someone I barely knew on a personal level. J-R would stay seated in his chair after seminars to share personally with people wanting to talk to him. As I walked up to him, my heart leading me, I told myself that I would follow him anywhere. When I had my turn to share with him I told him how much I loved him. And I always wanted to be with him."

Ann Parkes remembers:

"I went to see John Conger, PhD about the purple flashes and the increasing intuitive dreams I was having, hoping he could help explain what was going on. Then one night I had another living color dream about going to visit the Wizard in "The Wizard of OZ." In this dream he asked me if I wanted to go home and I said yes more than anything. In my next session I looked at Dr. Conger's book case and he had a small picture of the Wizard Man (it was J-R). I looked at it and it became filled with the LIGHT. He was the same man in my dream—the Wizard asking me if I wanted to go home. I asked Dr. Conger about who this man was in the picture on his book shelf and I shared my dream. He seemed hesitant in answering me and said, 'His name is J-R and he is the Mystical Traveler' and he travels around the world teaching people how to go home to God.

"I was in shock because I was coming into the reality that I had a dream about someone I did not know and who I knew nothing about in outer reality. I then asked how can I read his book or meet him and John said he is hard to meet him but you can get his discourse on the Teachings of the Spiritual Heart and IF you want to study toward Initiation you must write to him and ask him to work with you toward initiation. I said this is all I want and I wrote my letter and ordered the discourses a.s.a.p. Then I began to have J-R dreams and experiences daily and I began to understand that the purple spots, flashes and the dreams were the Mystical Traveler Consciousness working with me in those prior years, and that I finally came into an understanding of it. Actually I am still trying to understand it... it's hard to grasp.

"When I came to Los Angeles for a Christmas Eve Seminar, I was blown away to meet the man of my dreams whom I had been experiencing inwardly."

Ann Helene

Carol here: Wasn't it great reading about how J-R has touched these brave Souls so deeply? Imagine living in the heart of hippy land where revolutionary thoughts ruled, freedom was sought in so many rebellious ways, and the heart cried out for real liberation, real connection to God and real communion with like-minded Souls. Aren't we all brave Souls blazing our paths home to God with the Traveler by our sides?

Wouldn't you like to tell your story of your first experiences with J-R? Share as deeply as you dare. Where were you? What happened in your consciousness? What did you learn about yourself?

Send your story to me at carol@msia.org (Photos are most welcomed —electronic or prints)

*In loving gratitude,
Carol Jones
(former Boston MSIAer now Prana resident and staff member—that's a story in itself!)*

Have You *Shared Your Heart* Today?

Remember the beautiful candlelighting celebration?
If you shared your heart, your love, your Light with two people...
we could transform the world.

I have three selves. I don't know why.
I call them, **Me, Myself, and I.**
They're never very far apart
They've been together from the start.
Most of the time, they're oh, so sweet
I love them all - they're really neat.
They are hardly ever mean
They work together. A great team!
Sometimes one says, "My way is best."
Goes his own way and leaves the rest.
One says, "We've got to stick together."
Another says, "O.K. - whatever."
They're really great, my team of three
They, most always, stick by me.
I love them so, I love them all
We, all together, have a ball.

When we speak, together, sound as one
An angelic chorus, singing sweetly. Oh, what fun.
One says, "Hey! Enough of that.
Let's all go eat. Let's all get fat!
We can pig out, gorge, then take a nap
And drift off to, that wonder land, of never, never."
Myself heard I say, "O.K. - whatever."
I, Myself, other places, need to be.
Can't be distracted, by that silly **Me.**
I likes the high road, **Me** likes the low.
Myself, "Hey! I'm the boss, c'mon, let's go!"
I heard **Me** say, emphatically, "No, no, no."
Enough of our time, here, I have been spending.
Yes, this tale does have a happy ending.
The Team of Three, in which I take pride
All, did, quite happily, reach the other side.

A wondrous world of fireflies and fairydust & never never
A song of loving, laughing, joy - they now sing forever.
Me, Myself, again, heard I say, "O.K. - whatever."

DIRECTORY OF

*"The journey of your Soul
is to return to an awareness of
and a oneness with God."*

MSIA

The MOVEMENT of SPIRITUAL INNER AWARENESS (MSIA) teaches Soul Transcendence, which is becoming aware of oneself as a Soul, and, more than that, as one with God. Soul Awareness Discourses are the heart of MSIA's teachings. They offer many practical keys to more successful living. Even more important, they offer keys to greater spiritual awareness and knowledge of the Soul. MSIA's approach is to present activities and techniques that direct us toward the Spirit and loving that are the essence of who we are, and to provide support for practicing those things if people choose to use them.

In MSIA we respect any approach that encourages people on their path home to God. We certainly don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy. The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

USM

USM was founded in 1976 by John-Roger and is a private graduate school offering Master's degrees in Spiritual Psychology and Spiritual Psychology with an Emphasis in Consciousness, Health, and Healing. Known as the Worldwide Center for the Study and Practice of Spiritual Psychology, USM's mission is communicating the principles and practices of Spiritual Psychology worldwide through the process of Soul-Centered education.

Soul-Centered education recognizes spiritual reality and begins with the assertion that rather than human beings who have a soul, we are more accurately described as souls having a human experience. This assertion evokes a radical paradigm shift, which results in a psychological and educational process whose goal is to bring forth the beauty, wisdom, and compassion inherent in every human being.

This experiential educational paradigm evokes in students their own answers to the three essential questions: Who am I?

Why am I here and what is my purpose?
How can I make a meaningful contribution in the world?

People and the heart are a primary focus of our work, and volunteers are the key to our success.

The Foundation's service includes assisting at-risk and in-need families, providing support and services to disadvantaged or abused children, helping the homeless and comforting the sick. Thousands of people in need have been served by our loving volunteers.

An important part of Heartfelt's work is the HeartReach Program, which reaches out with food, medicine loving and caring hearts and Light support to members of our spiritual family who are undergoing life-challenging or medical crises. INITIATION

If you are just starting the Soul Awareness Discourses, Discourse #1 explains initiation into the Sound Current. You may choose to study the Discourses with the intention to be initiated on this path, or to simply read them as information. If you do choose to study toward initiation, the Traveler works with you more closely, and you may notice a greater spiritual awareness in your own consciousness as this work goes on.

If you are studying toward initiation, you need to write and mail a letter to the Traveler that this is your intention. If you have written and mailed your intention to the Traveler, you can apply for initiation when you have completed Discourse 24.

THE MSIA MINISTRY

The MSIA ministry is for initiates of the Traveler who are called inwardly to serve the spirit of their hearts.

Service may be in any form, from volunteering for the Church to assisting people in need or organizations that serve those people, and anything in between. The only requirement is that the ministry is active and done regularly.

MSIA ministers may perform services, like marriages, that clergy of other denominations are authorized to do as long as they comply with the laws of the locality in which they serve.

People who have received initiation into the Sound Current through the Traveler may request an Application for Ordination packet from:

Ministerial Services In Action • 3500 W. Adams Blvd. • Los Angeles, CA 90018

WRITING TO J-R & JOHN

Sometimes people reading Discourses, especially those studying toward initiation, want to write to John Morton or John-Roger. Writing often helps you let go of a troubling situation and open more to the Traveler's assistance inwardly.

As soon as you write to John Morton or John-Roger, they get the message on the spiritual levels, and they do what Spirit allows. Then, to let go of the situation in your consciousness, you burn or mail your letter. Whether you burn or mail what you wrote, you may find that you get your answers on the inner levels, sometimes very quickly. You may also experience greater calm, clarity, or peace, which can help you go through whatever challenges you face.

We suggest that you place the situation in the Light, ask for clarification during s.e.s, dreams, etc., and then look for the answers within you. Often reading a Discourse or listening to an MSIA tape (either at home or at a seminar) will provide keys to assist you in handling your situation. You can also refer to any of the numerous books by J-R and John to find information that relates to what you are dealing with. These two have shared so much with us over the years, and we encourage you to send your letters via e-mail, using these addresses:

For John-Roger: letterj-r@msia.org

For John Morton: letterjohnmorton@msia.org

If you live in the United States and if you send your letter to J-R or John in hard copy via the mail, you need to include a self-addressed stamped envelope (SASE) if you want a reply from either of them.

Many hundreds of people write personal letters each month to J-R and John, so please note that even if you do send a letter by e-mail or if you do send in a SASE with your letter, you may not receive a response back. This does not imply that your concern is not important or that you are being ignored. There simply may be no need for a physical reply, or there may be no answer available to you at the time you write.

In addition to the e-mail addresses above, mail to John Morton or John-Roger can be sent to:

MSIA • P.O. Box 513935 • Los Angeles, CA 90051-1935

Ten Steps to Personal Success

The Power of Inner Focus and Gratitude

Choosing grace is a process that takes practice - practice forgiving ourselves and others, and developing an attitude of gratitude. This can also be called "loving."

The choice to love or not love is made in each moment. As we learn to choose more moments of loving in our lives, we can find ourselves living more in God's grace and walking through life with the Lord.

ASK J-R

From an article published in the
September 1977 Movement Newspaper

You may feel that you're going to get off the planet, but not with wings. It's "nose to the grindstone, shoulder to the wheel, ear to the ground." But even if things get difficult, there is a great joy underlying it all—the joy that just sings inside of you because you have a knowledge that cannot be proven, that you're going home.

Q: Does MSIA teach raising the energy of the kundalini?

A: No, because raising the kundalini in the body is working within the psychic, negative realms. And that is not the focus of the teachings of MSIA. We work with the psychic centers that are high—the top third of the spiritual eye and the crown chakra (located at the top of the head). Our teachings are more the yoga of the sound current and the Light. Actually, the teachings go beyond yoga or any other form of study on the planet today.

Q: Is each person always given the opportunity to release his karma each lifetime? Is each person given the opportunity each lifetime to break the pattern of incarnation?

A: Yes. People are not put here as beggars. If we choose to beg, then it's our choice. But yes, we are always presented with the keys of release. It may be that the key of release is the opportunity to meet the Mystical Traveler and work with him into Soul Transcendence. Or it may be that opportunity to reach into self-enlightenment and transcend this plane through self-knowledge. People who have accomplished this without the help of a Traveler are rare ... but it's possible.

Q: Will there always be a Mystical Traveler present on the planet?

A: Well, there's always been one here. I don't know if there will always be one. In thirteen billion years or so, this planet is going to be dispersed and taken back up into universal energy. Then there may not be a Mystical Traveler here as such.

Q: Why is there a two-year period of time before someone can be considered for initiation into MSIA?

A: In those two years that you have contact with MSIA, you are going to be working off so much karma that you're going to feel you've been turned every way but loose. You may feel that you're going to get off the planet, but not with wings. It's "nose to the grindstone, shoulder to the wheel, ear to the ground." But even if things get difficult, there is a great joy underlying it all—the joy that just sings inside of you because you have a knowledge that cannot be proven, that you're going home. Once you are connected to the sound current, the only way you would not make it is if you would turn from the Traveler. If you do not turn from the Mystical Traveler, he will not turn from you; he'll stay with you until you are established in soul consciousness. Prior to initiation, you can both turn and choose another way. He's not bound and you're not bound. After you are initiated, there is an even freer-flowing relationship as the greater truths begin to come into your consciousness.

Q: How is karma accrued?

A: Individual karma is accrued by violating your own divine consciousness or the divine consciousness in another person. There is also a more general karma that is placed on the planet which says that by the sweat of your brow you earn your living. If you try to cheat on that karmic law, you are going to find that you get to sweat in other places. You can lie to

other people; you can lie to your family; you can lie to the government; but you can't lie to your soul. It knows precisely and exactly what is going on, and it will hold you accountable to the very last debt that you have against you. Until you have it clear, you will not be free of this level; you will not be free of your karma.

Q: When I'm working this spiritual path and I'm working off karma, is there a path or a way to behave that would ensure that I'm not creating more karma at the same time that I'm trying to clear karma?

A: If you do all things in the name of the Light, the Lord, the Mystical Traveler, if you place the Light ahead of you in all that you do, if you ask always that your actions be for the highest good—then if you do accrue karma, it will be worked off that night in the sleep state. You may accrue some karma, but it will be cleared instantly through the grace of the Traveler. But only if your actions reflect living love, not ego involvement. The best way not to accrue karma is to remain neutral. If you make a mistake, don't feel guilty about it; if possible, go back and clear the mistake. If you have a misunderstanding with someone, just talk to them and clear it with them. Often, karma is produced more by guilt than by the actions themselves. So either enjoy it or don't do it.

Q: When one has met the Mystical Traveler, is it automatic that one will be tuned in to the Silent Ones and the Masters who are working under that force field?

A: Not automatic, no. You may know a Mystical Traveler and he may know you. But he may not be working with you. He has free choice; he doesn't have to work with you. And you have free choice. If you want to play games and fool around with that Consciousness, that's okay; but he may choose not to work with you. If you do choose to work with the Traveler, if you do commit to the path of spiritual unfoldment, and to the initiations into the higher levels ... and the Traveler agrees to work with you ... then, yes, you will at some point be tuned in to the Silent Ones, because you are then heir to all the keys the Traveler holds. You are under his spiritual protection and will receive the spiritual keys into the high realms.

Q: What's the difference between smoking dope or taking some form of drugs, and drinking alcohol?

A: It's sort of like drugs are a .38 and alcohol is a .45. They'll both kill you. The only difference is that alcohol goes out of the aura and out of the system faster. Drugs have an accumulating effect.

Drugs hang in the aura. Alcohol doesn't. I've seen people who may have smoked one joint of marijuana a year ago and I can still see the effects of that in their aura. It's still there ... after long periods of time. And it will still affect that person. But someone could have been very, very drunk two or three weeks ago, and I'll not be able to see that in the aura at all. I could see it if I were to go into Soul Consciousness and backtrack through their experiences, but I couldn't see it just by observing the aura. That's the difference that I can observe.

Q: Whenever I do my SEs, I inevitably sneeze at least once and occasionally twice. It is quite upsetting, and I would appreciate an explanation of this phenomenon.

A: Many times when we are chanting, we start vocalizing in our throat and nose area. This causes a slight vibration in that area which is difficult to detect but can make us sneeze. But before you check that out, check to see if there is anything around you physically that can cause an allergy. Let's work the practical while we are working the spiritual.

Q: One major problem that I keep coming back to is of knowing the difference between moving through a negative emotional pattern or just hanging on to it. I know that the Traveler Consciousness brings experiences to me to handle so I can clear out my garbage, but I don't know when I'm letting go and moving through it, or when I'm just repressing it and hanging on.

A: If you're moving through a pattern or experience, you will be free from memories that drag you back into that experience. If you are hanging on, you will be caught up in the memories, and you will feel their pull on your consciousness. You may then feel the need or desire to repeat that pattern. Moving through will be more active and positively directed. Hanging on will be more passive.

Q: Would you clarify how the MSIA seminar CDs and DVDs can be shared? In what situations is it clear to share media and in what situations is it not clear?

A: The media and the information and the energy that they reflect are powerful. What's heard on and through the CDs and DVDs, and the action of the Traveler working through them, can cause karmic things to release and to shift. When those CDs and DVDs are out in a non-seminar situation, the Traveler's energy is working through them individually. It's not geared for a group situation; it's geared for an individual situation.

Generally speaking, the people you are living with and sharing closely with (particularly if it's also family), you are also sharing karma with and are involved in working through karmic situations with them. So if family members who are closely involved with one another listen to the media, they may be affected by the karmic releases of one another—but since karma is shared anyway, it makes little difference.

If you are sharing media with people who are not family and with whom you are not sharing karmic ties, you or they may be affected by the karmic releases triggered by the media—and you may find yourself sharing karma, where you were not before.

With that information in mind, you can do whatever you wish to do. If you feel clear in sharing media with someone, that's up to you. Our suggestion would always be that you don't create a karmic situation or karmic tie if that can be avoided.
