IF YOU ARE NEW TO MSIA:

Soul Transcendence

The purpose of the Movement of Spiritual Inner Awareness (MSIA) is to teach Soul Transcendence, which is becoming aware of yourself as a Soul and as one with God, not as a theory but as a living reality. Your Soul is who you truly are; it is more than your body, your thoughts, or your feelings. It is the highest aspect of yourself, where you and God are one.

MSIA provides a variety of tools and techniques that allow you to experience your Soul and enhance your awareness of God.

Equally important, MSIA presents an approach that focuses on incorporating spirituality into your everyday life. We call this "practical spirituality." It allows you to attune more deeply to your Soul and to increasingly live from that awareness.

In MSIA, we respect any approach that encourages people on their path home to God. We don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy.

The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

If you would like more information about MSIA, or to further explore its teachings, please visit our website at www.msia.org or contact us at: 800/ 899-2665 or servicedesk@msia.org

Soul Transcendence Gems

Q: I would like to know more about my karmic pattern this lifetime.

A: It is Soul Transcendence, to live and be in the presence of the living God and to know that. The way to do that is spiritual exercises.

With Soul Transcendence, we are speaking of moving the consciousness into the Soul, activating the Soul so it can move more into pure Spirit.

You are at the threshold of your knowingness; now it's just a matter of moving into that knowingness. You are at the threshold of your beingness; it's your choice when to move into that. You may stay on the threshold for many, many years. Or you may

move into your knowingness right now. It's difficult to make that step into knowingness, into beingness, unless you are willing to commit totally to yourself, to the Soul that is you. And it is difficult to commit to that discovery if you split your energies into various pursuits and paths.

Those who are into the process of self-discovery, of Soul discovery, find that experiences on the various realms of Light become as real as physical realm experiences. As you come to trust your own experience level of realms different than the physical, you begin to experience the transcendence of the Soul.

The Soul extends into the lower realms in order to experience the totality of God. Its purpose is, in essence, to experience. For the evolution of the Soul, experiences do not need to be repeated because the purpose of each experience is fulfilled with the completion of that experience.

When you begin to work with the Mystical Traveler Consciousness, you often find your progression greatly speeded up. You may find yourself moving through many experiences and just letting them go as they complete themselves. There is less and less need to hold onto the old, and more and more excitement with discovering what's next.

There is only one Soul, and that is God. There is only one love, and that is God. There is only one intellect, and that is God. There is only one, which is God. We are manifestations of God, on whatever level we choose to express.

The presence of God is inside of you, manifesting anew every moment. It is not your emotions, your mind, or your physical body, it is Spirit—expressing through those levels, but always more than that. You sit right on the edge of Soul awareness. It's so close. It's there each moment. Each moment gives you new opportunity to discover that awareness.

When you live in the moment and live free, you're living in Soul. Let go of each moment as it passes. Detach yourself from this earth, from memories of the past, from expectation of the future. Do those things that bring you health, wealth, and happiness in a detached state and let all the rest go.

Soul Transcendence, Responsibility & Psychic Energies

There have been times when people working within the structure of MSIA have chosen to go to psychics, teachers, fortune-tellers, or "readers" of various sorts to get additional information—information they feel they need or want. We'd like to share with you some ideas regarding this.

When you are an initiate or student of the Mystical Traveler and are working directly with that consciousness, your process of balancing your past actions is being handled through the protection of that grace. The Traveler teaches that all knowledge lies within you and that you will be awakened to this when the time is right and proper. If you trust that, you do not seek others to tell you about your spiritual life. You do spiritual exercises, study the teachings of the Traveler, and go within to find your answers. If specific questions are of concern to you, you can always write John-Roger or John Morton and receive answers that way.

The Traveler will tell you inwardly or outwardly anything you need to know.

If you contact someone who is working from a level of Light awareness in the lower worlds (astral, causal, mental, or etheric) and that person releases some areas of imbalance, bringing them to your attention and concern, you are then responsible for working those areas through your consciousness into completion or clarity. It might be that those things could have been released through the Traveler's grace. It might be that those things could have been released on a level other than the physical. It might be that there were other options for you, which would have allowed you to walk free of that imbalance in this physical level.

Once someone else has brought a situation to your attention, however, it's yours to handle. Because it was initiated by another, the Traveler or Spirit cannot interfere. When you seek counsel

The Traveler teaches that all knowledge lies within you and that you will be awakened to this when the time is right and proper. from another, you leave yourself open to these possibilities. It's your choice. The Traveler cannot violate your consciousness, so if you go to another for counsel, it will back off and not interfere.

If you go to sources outside yourself to get advice, you may be giving up part of yourself because you are turning over your power to another individual. The decisions of your life are for you to make. John-Roger and MSIA do not make them for you because that would cheat you and deny you the experience of your growth. You would forever be the dependent child.

MSIA teaches the upward path of Soul Transcendence, which is a path of full awareness and total responsibility. You do not reach Soul consciousness by giving over yourself or your power to anyone outside yourself. The Traveler acts as a way-shower to guide you but does not take from you any experience that is for your growth and upliftment. When you feel yourself turning to someone outside yourself, whether it's a spouse, a parent, a psychic, an astrologer, or whatever—and putting on them the decisions that are yours, it's time to take a look at yourself and your life and find out what within you is avoiding the greater experience of your true self.

If you begin giving over your power and then find that you experience depression, confusion, disturbance, and unhappiness, you might want

to consider giving you back to yourself and going within to find out what is so for you.

Along these same lines, a number of people have been involved in individual psychic pursuits, such as automatic writing, working with pendulums, and mental games of asking a question and then setting up conditions that would indicate a yes or no response. Spirit is not a Ouija board. The Traveler is not a Ouija board. John-Roger is not a Ouija board. MSIA is not involved in fortune telling.

The Spirit, the Traveler, and John-Roger are concerned with your spiritual growth and with assisting you in lifting into the awareness of your Soul. Whether you wear red socks or blue socks is of no concern to Spirit. You make that decision and learn from the results of your decision. If you are trying to decide whether to get married, change jobs, buy a home, learn to ski, and so on, don't put off that decision on anyone or anything else. Make that decision and learn from it. That's the way to progress into Soul consciousness.

If you start playing games with psychic energies, you are leaving yourself open for disembodied entities to feed information to you, most likely from the astral level or lower. When you tune in to the psychic levels, you might very well get a response and you might very well get advice and messages, but the information you receive in this

If you are trying to decide whether to get married, change jobs, buy a home, learn to ski, and so on, don't put off that decision on anyone or anything else. Make that decision and learn from it. That's the way to progress into Soul consciousness.

manner is likely to, be highly unreliable. You can also open yourself up to messages that might be disturbing to you and cause great anxiety and fear. You're further ahead not to get involved in any of these areas of psychic manipulation.

There are no rights or wrongs in any of this. The actions are widely different from that of Soul consciousness, and the results that you bring to yourself are very different from the experiences of Soul consciousness. It's up to you. Go for the experience you want in life. Go for the results you want.

On the path of Soul Transcendence, you sometimes have to give up an immediate gratification or comfort for the long-range goal. It may not always be the most popular approach, and the results may not be immediately apparent. You have to decide whether it's worth the wait.

If you have habitually contracted, you may walk through life having a lot of pain and suffering, and may resign yourself to this: "Well, no pain, no gain." That's nonsense. There is always an opportunity to have great gain with great joy.

Expanding into God

The Movement of Spiritual Inner Awareness has one job and one job only, and that is Soul transcendence. We don't do anything else. It's inner, but because we've all done the outer form so much, we often find out that we have mistaken the outer for the spiritual or the inner. My job has always been to remember you—that you are part of God, an extension of Divinity—and to keep you remembering yourself into that.

But we condition ourselves from early childhood to think and express ourselves in this contracted, conditioned form, which we call a physical body. Yet that which is, is who we really are. It's very, very difficult to tell you the magnificence of your beingness, and even to attempt to do it is to enter into a lie. This form that reflects Light,

called the physical body, is just a small percentage of who and what we are. The physical body is a contracted state, and the contracted state is diametrically opposed to God because God is expansion. And if we're in contraction, we're going the wrong direction.

That's why loving is the keynote of everything we do. Not always tenderness, not always softness. Sometimes it's a loud voice. Sometimes it's a critical remark, but it's not a crude remark. It is one that pushes you back to the guidance that you've asked to have. Sometimes it is drawing your attention to what you're doing because often you do things out of a contracted state that has become habitual for you. If you have habitually contracted, you may walk through life having a lot of pain and suffering, and may resign yourself to this: "Well, no pain, no gain." That's nonsense. There is always an opportunity to have great gain with great joy.

Christ

Q. What's the specific difference between the salvation of the Christ and Soul Transcendence as taught by the Traveler?

A. Jesus, through his death and resurrection, changed the karma of the planet. Before Jesus' time, the law of the planet was "an eye for an eye and a tooth for a tooth," also known as the law of Moses. Through the Christ action, human beings came under grace, and salvation was won for all of us at that time. Through grace, our individual karma can be instantaneously dissolved; then we are no longer bound by the law of cause and effect in that area, provided we stay in the grace and do not recreate the karma. We open to grace by connecting to the Christ Consciousness within, thus becoming, in a sense, our own salvation.

Soul transcendence, as taught by the Travelers (and Jesus was also a Traveler), is a process of balancing past actions on each of the levels (physical, astral, causal, mental, and etheric) and moving in consciousness into the Soul. Another way of saying it is that a person becomes aware of his or her Soul and, more than that, of being a Soul. As you can see, salvation through the Christ and Soul Transcendence are closely interwoven, although they are viewed as separate actions.

As a man thinketh, in his heart he becomes.

... Provided we stay in the grace and do not recreate the karma. We open to grace by connecting to the Christ Consciousness within, thus becoming, in a sense, our own salvation.

Baruch Bashan

JOHN MORTON, DSS
MSIA SPIRITUAL DIRECTOR

As you awaken to the Traveler, you find that your purpose has the highest intention, with malice toward none. Your actions become clearly determined by the spirit of God. You become on purpose with the highest consciousness upon the planet.

YOU, THE TRAVELER AND SOUL TRANSCENDENCE

THE TRAVELER IS the consciousness that's influencing all of us, including what is taking place on the planet. It represents the consciousness that is bringing forward Spirit now. The Traveler stands on the point of energy for the planet that conducts the living consciousness of God. The Traveler is an eternally loving consciousness that comes awake and keeps on moving you, within you, to the depths of your Soul.

The Spirit and the Traveler are not limited to a personage or a body. The rule of thumb for the Travelers is that there has always been one. There is always someone who takes on the anchor point of the Traveler energy simply by having the willingness to do so. Even if there is unwillingness at the personality level, the Traveler Consciousness still conducts the divine energy. The ministering of the Traveler Consciousness is primarily silent and invisible.

When you awaken to the Traveler, there can be a great transformation within you. The Traveler is absolutely on purpose with who you are. The Traveler energy is an unwavering quality of knowing with complete freedom to do what you choose. Your purpose becomes revealed as larger than any outer circumstances or events. You begin to know that your life is determined by something from within you that is larger than you and yet is you.

You know the Traveler by something that is truth and is yet still unknown and ever more to become. As you awaken to the Traveler, you find that your purpose has the highest intention, with malice toward none. Your actions become clearly determined by the spirit of God. You become on purpose with the highest consciousness upon the planet.

As you come into the consciousness of the Traveler, you may also feel as though you are nothing and are devoid of worthiness. Rather than get into comparison, focus on the knowing of the Traveler's magnificence such that you would do anything to have more of it. The Traveler cannot be possessed or controlled. It cannot be defined or described in words. The Traveler must be known by your direct experience.

At times, the Traveler is the most beautiful experience of surrender. At last, you are finding that One you can trust completely. And you are realizing that presence dwells within you as you. You learn to let go of the aspects of your being that are less than God.

As you follow the Traveler energy, you realize there is never a reason not to choose loving. You know that human struggle is temporary and only the goodness of life endures past all things. You know there is someone that is always watching over you with your best interests intact. You know that somehow that someone is you. You know the futility of resisting, and instead, you find the triumph in complete acceptance. You let go and find

that God is accompanying you as you in all of your experience.

If I had a gift for you, it would be the experience of the Traveler. Yet, the Traveler is a gift that cannot be forced upon you. You receive the Traveler as you are open and prepared to handle what comes with it --- Soul Transcendence.

The Traveler may come to you simply because you ask. It may come as you are willing to give up the level in which you find yourself and appeal to a higher consciousness to help you. The Traveler can come to you as you are willing to take responsibility for your life for the highest good of all concerned.

As you have an initial physical contact with one carrying the consciousness of the Traveler, the seed of returning to God is planted. If you are prepared for the necessary growth, then the Traveler awakens and grows within you through your willingness to conduct your life according to your spirit. This process continues as long as you are willing. Those who are unwilling or unprepared may go about their life with the seed dormant until such time as they are open and willing to follow their spiritual heart once again.

Through MSIA, the Traveler is extending the teachings of the spiritual heart into a greater manifestation upon the planet. The impact of the Traveler upon your conscious awareness relies upon your willingness to overcome the concerns of the world and place your focus into the spirit and the truth of your being. As you actively participate in MSIA, the Traveler is bringing to you all the information and experiences necessary for you to awaken to your soul. This Movement of Spiritual Inner Awareness is not a movement that is measured by how much better you have it in the world. It's a movement of how much better you are in the Spirit by your increased awareness and ability to live in harmony with your Soul regardless of the conditions that are present in the world.

YOU, THE TRAVELER AND SOUL TRANSCENDENCE

JOHN MORTON, DSS
MSIA SPIRITUAL DIRECTOR

(Continuing)

By participating with the Traveler, you are aligning with a direct line to God that fulfills your divine heritage, so long as you are willing to endure the process. John-Roger reminded us that when we are working with the Traveler, we are under the Traveler's spiritual guidance and protection. As we travel through the spiritual realms with the Traveler, we become more aware of the greater reality which is who we are as a soul who is one with God.

It's important to realize that God never makes the process something that you cannot handle. It is only you who make the process overwhelming by making unnecessary choices or holding negative attitudes and judgments. The overriding quality that will bring about your fulfillment in Soul Transcendence is your willingness to choose back with faith and trust in the Lord's will.

Virtually everyone will question the validity of the Traveler's action. The karmic situation that each person is working through largely determines their ability to recognize the value of Soul Transcendence. Few people are awake and clear enough in their karma to recognize and choose to participate in the action of the Traveler through Soul Transcendence.

Other people's experiences and attitudes toward the Traveler or MSIA have nothing to do with the value of your devotion and participation in Soul Transcendence. Once you begin to understand this, you will know that your relationship with God is entirely direct and personal. Nobody or anything else can block your Soul Transcendence because it is between you and God.

We are entirely God-made. We all have the complete, whole essence of God within us. In Spirit, we are complete and whole in our creation. It is in our manifestation and realization of the Soul that we are incomplete. Part of the results of your participating in the school of the Traveler will be the spiritualizing of the material world. You are learning the value and ways of overcoming the dense, negative nature of this world through the light and love of your true nature --- the Soul.

This physical world is just one of the many way-stations upon the path to God. Virtually all dimensions of God's creation converge into this one, making for direct access into the heart of God but also into just about every other aspect of God's creation. The greatest of God's love and beauty is here and so is the most extreme negativity all at once. It's all playing out in the same field,

which is what makes this level unique and such a magnificent opportunity for your learning and growth. It's up to you to choose to make the most of it. Consider someone whose entire experience of mustard was seeing only the plants that grow above the ground. What if I was holding a mustard seed in my hand and proclaiming it to be the whole mustard plant? That person's response would probably be something like, "You're nuts. That's not a mustard plant."

The question becomes, was the mature mustard plant present originally in the form of the seed? Is all of God present in the original form of the human as you? People often deny their Godhood because they don't see the God-presence past the limitations of the human form.

It is very rare that anyone is awakened enough to fully see their manifestation in the glory of God. The reality of God completely transcends that which can manifest in this world or any level below the Soul. Once anyone even glimpses the glory that is to be with God, that attainment becomes the magnificent obsession. The paradox is that the glory of God already fully exists as the Soul within each person.

We are in a level that in part requires the faith of the mustard seed. Like the mustard seed, we are planted into this psychic-material existence so that we can grow into our fully mature Godhood. We often begin our earthly existence in a dense state that is removed even from the light of day. Nonetheless, the elements necessary for our complete growth are present within this dark, dense earthly environment that is actually perfectly suited to our particular human nature.

There are many varieties in human nature, each with its own particular set of conditions. With nurturing from the necessary conditions in our earthly environment, we germinate, transform from human seed and grow upward toward the source of light. Our greatest growth begins as we burst up from the dark, dense earth below into the enlightened atmosphere above.

Even though all the earthly elements are important to nurturing our growth, it is the source of light radiating from the sun (son) that is most essential for sustaining us into full maturity. In the process, we discover that we are much more than the various seed-forms of human existence. We realize that we are the very life force in the light that sustains our existence. We are the glorious presence that is God.

What if I was holding a mustard seed in my hand and proclaiming it to be the whole mustard plant? That person's response would probably be something like, "You're nuts. That's not a mustard plant."

The question becomes, was the mature mustard plant present originally in the form of the seed? Is all of God present in the original form of the human as you? People often deny their Godhood because they don't see the God-presence past the limitations of the human form.

It is very rare that anyone is awakened enough to fully see their manifestation in the glory of God. The reality of God completely transcends that which can manifest in this world or any level below the Soul. Once anyone even glimpses the glory that is to be with God, that attainment becomes the magnificent obsession. The paradox is that the glory of God already fully exists as the Soul within each person.

Every seed that fully matures through its destiny bears the fruit that gives life back to the earth. Eventually, even the most mature plants die from this level. The Traveler is like a master gardener who tends to our growth until full maturity so that we can die from each level we are on in our psychic-material existence and move on to the level of eternal life, the Soul, where there is no death.

Some people prefer to maintain a wild, unattended existence outside of this garden of the Traveler. They prefer to take their chances with the laws of nature instead of allowing for the caretaking and protection that the Traveler can provide. In so doing, they bypass ensuring the greatest opportunity for reaching full spiritual maturity and bearing the fruit of this earthly existence once and for all times. They are bypassing that One who removes the weeds, fertilizes the ground, waters correctly, provides support, adjusts the environment as needed, transplants, and tends to all the plants growing in the garden until they bear the fruit of eternal life with God.

You might wonder why someone would pass up such a supreme opportunity. That's simple. They just don't know better yet. Thank God there is forgive-

ness and even a divine plan for such ignorance. In the eyes of the law, no excuses are allowed. In the eyes of God, there is grace by forgiveness and unconditional loving of all of God's creation.

Do you know better? Unlike plants, the choice is entirely yours. You can choose to remain rooted in the wilderness that is this earthly existence or rooted in the paradisiacal garden of the Traveler. Choose wisely for your Soul Transcendence. As John-Roger said, "The secret of Soul Transcendence is to look for the good in all people and things, and leave the rest to God." Keep seeking inner guidance from your wisdom and the Traveler within you that serves and directs for the highest good of all concerned.

Within you is a God who is an omnipotent and unlimited source so all things are possible and yet are always done in a state of perfection. Seek God first through the miraculous nature of His Kingdom. For me and my house, we serve that God, which means we look for the good and tend to all people and things in this glorious garden of the Lord.

Baruch Bashan

With nurturing from the necessary conditions in our earthly environment, we germinate, transform from human seed and grow upward toward the source of light. Our greatest growth begins as we burst up from the dark, dense earth below into the enlightened atmosphere above.

Within you is a God who is an omnipotent and unlimited source so all things are possible and yet are always done in a state of perfection. Seek God first through the miraculous nature of His Kingdom.

GOING ON FAITH, TRUST AND GRATITUDE

A LETTER TO PAUL KAYE ON THE WONDER OF SEEDING AND TITHING

Dear Paul,

I have been tithing regularly ever since it was introduced many years ago. And I had been seeding on and off since that was introduced also. But recently I have been seeding every day instead of when the idea strikes me. I remember a friend mentioning several years ago that she did this, and because I have real and timely things I'm seeding for, I adopted the technique. I have a special place in my room where I keep visual reminders of the things I'm seeding for. Every day I visit my little altar of seeds and ask for each one individually as I look at them and envision them done. Then I put a dollar in my seeding bowl. When I run out of the collection of dollars I use to seed with, I write a note to the MSIA accounting department to charge my credit card for that amount, return the dollars to my little dollar drawer and use them all over again.

This keeps my seeds present in my consciousness every day while I am certain that God and the Traveler hear my prayers and are making sure to steer me in the direction of my highest good. I know that they are laying the groundwork as my partners in manifesting that which can be brought down from Spirit through my consciousness and whatever Light forces are working with me, including of course, the Traveler, the Christ, and the MSIA ministerial body.

And lately I am more aware than ever of the incredible abundance in my life. (I'm going on faith here that tithing plays a huge part in this precipitation as well.) I live in one of the most beautiful mansions in the world—and I have the privilege of maintaining and adding to that beauty and its functionality as MSIA headquarters. I've been privileged over the last 32 years to serve and learn and grow on the Traveler's staff. I am healthy and strong thanks to my own constitution and the many practitioners I get to consult with as often as needed. I also get to experience some amazing healing and personal growth through J-R organization programs offered by MSIA, PTS, Insight, and USM. I have been a personal recipient of Heartfelt's HeartReach Program and Circle of Light, and I am part of our embracing MSIA family worldwide who pray for each other and are connected to me in a very personal way.

There are so many more incidences of how Spirit matches my trust in the teachings. It's an ongoing learning as my consciousness evolves, so much so that I am in awe of the beauty, excitement, and abundance on so many levels—that life is getting sweeter, the loving more evident, and gratitude overflows as I strive to give back in the purity of service.

And again on faith, I can imagine that the Traveler is aligning such that my Soul's purpose here in this lifetime is being manifested through the physical service I share so completely, and through the greater love I am able to participate in with every passing day.

And this is not so much going on faith as on up close and personal experience with J-R and John. OMG, it's more than worth every tithe, every seed, and all my gratitude for their unconditional loving and caring, not only when I ask inwardly but in real time at the most impactful times of my life.

I continue to experience the wonder of Spirit in everyday life. My gratitude is bigger than I can see.

Carol Jones

IN GOD WE TRUST

WHERE LAMBS LIE DOWN WITH LIONS: INVITATION TO THE CHRIST WITHIN

BY SHERIE WYLIE

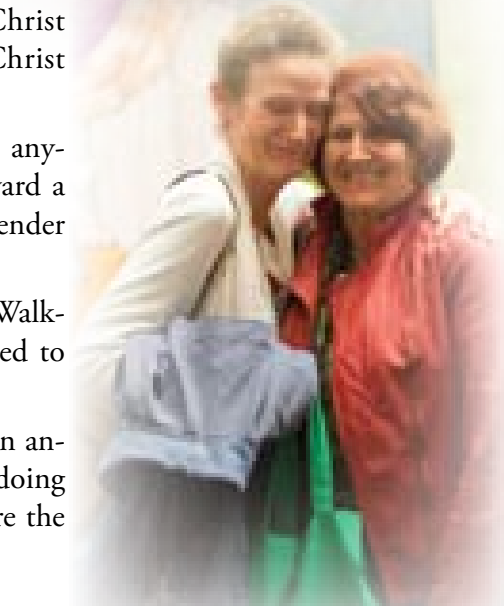

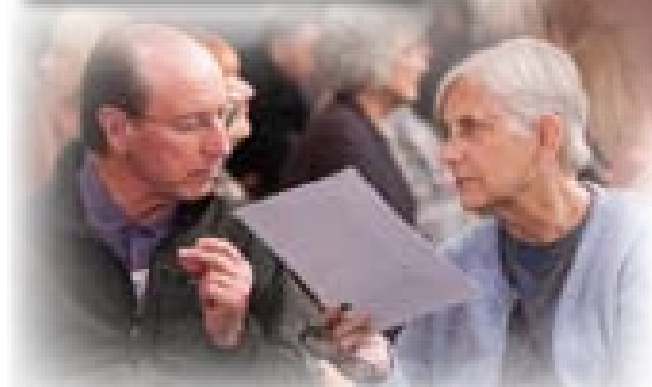

Several people at last year's workshop (Walking in the Light) asked if we could have a different workshop for Easter this year, one we could do online that would bring in the Christ energy. We chose the Invitation to the Christ Within workshop.

I initially resisted the request to change anything because sometimes change brings forward a challenge and an opportunity to let go, surrender and expand beyond what I think I can be.

I was aware of John Morton's love for the Walking in the Light workshop and keenly attuned to the value it brings in.

I was also somewhat attached to having an annual experience that renewed the practice of doing the Walking in the Light exercises, on a daily basis, where the Christ energy gets integrated into my cells.

Despite my attempt to be passive and quiet, which I often long for, the fire in me roared and the sirens moved me to communicate what was screaming to get out.

I wrote John and got the response I imagined. He asked me simple clear questions and once I shared what was inside of me, he gave his stamp of approval and we were off on a journey.

I was relieved because at least the sirens stopped and the fires cooled off, for the moment.

I imagine that the preparation done for these workshops is multidimensional.

A month out from the workshop, I received another call to action, because the enrollment for the workshop was low and the sirens once again began singing. I waited as long as I could and then picked up the phone to call John Morton because an email would not do.

He asked me once again what called me to propose a change, and to share that information with people, during the LA Minister's meeting. I initially contracted inside and then relaxed into the truth of who I am and calmed as I let laughter liberate my expression of loving made visible.

As I stood on stage at the Minister's meeting, quiet and empty I noticed the Christ consciousness in my heart moving ahead of me, leading me into a sweet space where I can imagine the lion loving the lamb; lying peacefully in graceful poise, with no fear – simply loving. I remembered for just a moment that the lion and the lamb are ONE – not two as it appears.

As I witnessed a consciousness of loving spilling over to my MSIA family, I felt connected to everybody in the room,

(Continued)

(Continuing)

and on the planet, as One loving vibration going home to God. Through Christ eyes I saw the kingdom of heaven available, so I jumped in.

I wonder if we raise the vibration on the planet by having a place in time to gather in the name of love?

Working with John Morton and Leigh Taylor-Young Morton, John's wife, was an intensely amazing experience that propelled me completely into the energy of the workshop. I fell in love with both of them in a way that is tangible and heart-expanding.

I initially called Leigh because we sometimes work on Traveler workshops together, especially the ones she facilitates with John. Leigh and I spent several hours, days, weeks working with the script content and design. Out of each version came a new level of Christ energy birthing itself through the attention/intention we gave it.

John came in curious about what we were up too. I marveled at the courage and gentleness of a lion in full glory. I know from this workshop that to get into the net of the Traveler is a profound blessing we all share; no matter how the intensity moves to surface the best of what is inside calling to get out.

Gratefully, after soothing some deep levels of caution, the wall came crumbling down and I can say with gratitude, Thank you Traveler, Christ and Friend for the opportunity to love all people and things, to look for the good and to leave the rest to God.

I joyfully work for Peace Theological Seminary as the Co-Academic Dean, also serving as the Director of large events. I am familiar with the negativity that gets transformed through these workshops. I often feel

like I have a renewed consciousness and body when I finish an event. The Invitation to the Christ Within Workshop would be no exception.

I am usually very relaxed at events I organize, but during this one I was tense on the first day, and attached to everything being perfect. In a humorous relaxed tone John Morton walked up to me and asked if I knew this was the party that we'd prepared.

I did not know that, but laughed and opened to the love that was present and palpable in the room, available to me by simply shifting my focus.

I walked away from this workshop, Invitation to the Christ Within, knowing that we are blessed beyond measure and deeply loved by our beloved Travelers J-R and John.

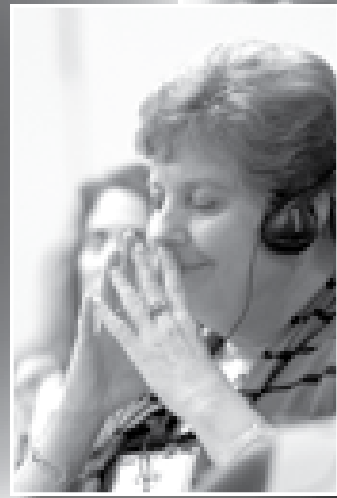

I have a renewed sense of devotion, dedication and reverence for what we are bringing forward here as Ministers, Initiates and Friends of the Traveler.

Each time I organize, design and/or participate in a Traveler gathering, I realize that I have an invitation from the Christ within to raise the vibration, in all that I choose to participate in, through loving myself and everyone around me as I am.

When I was a little girl, my Dad read me one version of the Adam and Eve story from a big red bible. The picture I remember looked like the Garden of Eden. In the garden lay lambs and lions resting together in a green spacious pasture of blue skies and infinite potential. I pondered this picture for years and wondered how a lion could be a friend of a lamb and a lamb a friend of a lion. I thought lions ate lambs, right? Maybe the picture was taken on a day when the lion was full and the lamb was present to the majesty the lion emanates.

What consciousness brings forward a lion coexisting with a lamb in a garden that the lord has prepared long ago?

John Morton talked to us during the workshop about the One Accord and how if we came into the truth of it and a knowing we are born the lord, we would truly live in heaven on earth once again.

INTRODUCTION TO THE CHRIST WITHIN WORKSHOP IN NIGERIA

During this year's Easter weekend, the Nigeria community offered an Introduction to the Christ Within workshop and a gathering for the Easter Eve Webcast with John Morton at the MSIA Center in Port Harcourt, Rivers State Nigeria. Here's what Prince Iwuoha writes about the class, plus some wonderful pictures – ENJOY!

Beloved,

The Christ Within Workshop and Webcast

as presented by the Travelers during the Easter MSIA get-together on 18th, 19th April 2014, was a special gift of love from the Travelers and by extension an outpouring of the loving ministry in MSIA, which is a grace to all MSIA votaries. Thank-God that we participated and partake of the outpouring of the blessings.

Words are inadequate to say or measure the presence of love, light and tranquility that engulf the entire arena of the event as we were overwhelmed by the joy, joy, and loving, loving vibe that took precedence.

The Travelers' special holiday offer and package via the workshop is a loving treat and a food for the soul. Thereby, offering us with the golden opportunity to seek, knock, find and connect to the glorious and illuminating light of the Christ that is inalienable and inherent in us.

The beautiful gathering offered us the privilege and the opportunity to share Christ, talk Christ, think Christ, smell Christ, and above all feel Christ. It was really a holistic, rekindling, rejuvenating and re-awakening experience of the God Within. The whole event was a moment of peace and bliss because Christ was present!

Apparently, the workshop transformed and positioned us, the participants, to access and touch the Christ Center within our celestial horizon where we and God are one, consequently making us more productive, loving more each day, giving more than we take and moving deeper and deeper in our movement of spiritual inner awareness which is our divine destiny. Oh what a joyful inner rewarding adventure for the soul!

Creating a Free Medical Clinic in the Dominican Republic by Éléonore Goulet

MSIA Minister Éléonore Goulet has been working on creating a free medical clinic for the poor in the Dominican Republic. This is an article about her experiences, followed by a series of letters she wrote to John Morton describing the progress of her work.

About 10 years ago, I came with my companion, David (who is very supportive of this project) to the Dominican Republic for a 2-week vacation. We returned to this island many times since, and then we decided to buy a condo on the seaside in Cabarete, and started coming for longer periods.

During my first visit to Cabarete, as I was walking on the beach, I received a calling from Spirit to do something here. I did not know what. I kept being open because I knew Spirit would show me exactly what to do. A few years passed...we had a villa built on the seaside in Las Canas, where we have since been spending six months every year. One day, as I was working at my computer on the terrace facing the sea, the following idea crossed my mind: organize free medical clinics for the Las Canas community. So I started doing it.

I had already met Pastor Luis of the Templo Biblico, and I got in touch with him. I told him about my idea and he offered his church as the clinic site because it is the meeting point of the community. I talked to many people about this project, and set a date. The first Las Canas medical clinic was held January 26, 2013.

I got the names of some Doctors who would be willing to volunteer their time and expertise in these clinics. I called them. Now they participate, with their nurses, in the Medical Clinics that Pastor Luis and I organized. Pastor Luis also found volunteers. I met with them, allotted tasks to be done before the Clinic day (like setting up of the pharmacy and consulting space for each Doctor) and on the Clinic day itself.

I keep coordinating the volunteers who prepare the doses of medicines for each clinic. This is an extremely time-consuming task demanding 12 hours for 8 persons for each clinic. The challenge has been, and still is, getting free medication and medical supplies for this indigent community.

The Toronto MSIA Ministerial group, including Dr. Bryn Waern and me, have given financial donations to buy medications locally (and this can be very expensive). Dr. Bryn Waern sends samples from her medical practice, and has participated in two medical clinics so far. She has essentially been the ongoing medical advisor. For example, she is working on creating appropriate patient registration forms and I translate all information, documents and forms into Spanish. Bryn set up a "portable office" for Pastor Luis to keep track of his flock, who otherwise may have no

follow-up for medical conditions. Recently, this situation has improved as there are now some medications available, and a local doctor, Dr. Francisco, who can be involved in the follow-up of some of the clinic's chronic patients.

I continue to organize the medical clinic for the Las Canas community. We are now up to three clinics a year. I give thanks to God for choosing me and helping me assist these people. We recently had one in April, and anticipate the next one on my return to the Dominican Republic in the autumn of 2014. We continue to ask for donations of medical supplies and can be contacted here:

and for money by contacting our co-Treasurer:

to buy local medications as required. The Las Canas people are very grateful to receive any help you can provide.

We have a free local clinic space, a local co-ordinator, volunteers and doctors. They are all free. We just need an ongoing local source of free medication.

Dear John,

Thank you for helping me start a medical clinic for the Las Canas people in the Dominican Republic. I am very grateful for your constant presence and support in my life.

With Pastor Luis Samuel and Dr. Pena the first Free Medical Clinic was held on February 2, 2013 in Las Canas, where I live six months a year. The people of this community (about 1,000) have virtually no access to medical care and have extremely low or no income because they all are chronically sick. They are very isolated, living in abject poverty.

Pastor Luis Samuel, some other doctors, and Dr. Bryn Waern from the Toronto MSIA community participated in the clinic. There were also several volunteers.

The Doctors have seen more than 262 patients, including several sick young children and four severely ill patients with high blood pressure. This was a trial run for this clinic which will be held regularly

and will take place in Pastor Luis Samuel's Templo Biblico, in Las Canas. The next clinic has been scheduled for April 6, 2013.

Dr. Waern and I paid for the medication this time. Pastor Samuel, Dr. Pena and I have been looking for sources of free medication since February 2, with no luck so far. The existence of the clinic depends on setting up a legally licensed foundation, which we have been working on and will achieve, and on our ability to access free medication for the patients. There are several committed local doctors who will volunteer their time and their expertise to the Las Canas Medical Clinic. The health care can be sophisticated but is quite disjointed and Pastor Luis Samuel will be coordinating information about people's ongoing care. To this effect, we (Dr. Waern and I) have bought him a portable office including a setup for patients' individual charts. We have developed a system to organize the clinical information of 500+ patients. We have a free local clinic space, a

local co-ordinator, volunteers and doctors. They are all free. We just need an ongoing local source of free medication.

Please hold the Light for the official establishment of this Clinic and for me connecting with people in the Dominican Republic who have contacts and/or connections to charitable donations for medications.

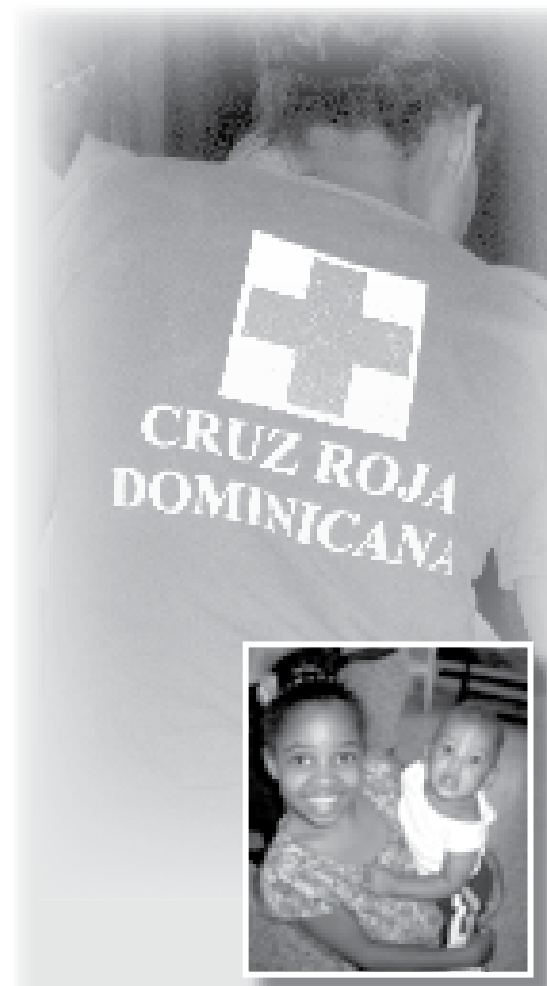

Again thank you John. I could not have done it without you, nor could I continue without you.

Loving serving,

Éléonore

Toronto MSIA community

Dear John,

The second free Medical Clinic held on April 6, 2013 in Las Canas, Dominican Republic has been a success thanks to the assistance of Pastor Luis Samuel, Las Canas, Dr Pena, Sabanetta, and Dr. Bryn Waern (online support), plus volunteers from the Templo Biblico, Las Canas.

The people of this community (1,000+) have virtually no access to medical care or clean water and have extremely low or no income. They are very isolated living in abject poverty. The clinic was operated with the following doctors: Dr. Nicolas Inyulle from the International House of Hope in Michigan, Dr. Francisco from Gaspar-Hernandez Hospital, Dr. Pena from Cabarete in the Dominican Republic, and two nurses. There were also several volunteers from the Red Cross and the local community.

They have seen about 160 patients, including several sick young children and people suffering from diabetes and high blood pressure. The clinic was held in Pastor Luis Samuel's Templo Biblico, in Las Canas. The next clinic has been tentatively scheduled for the end of November, 2013.

We have received one donation of medicines from the Foundation of the Samaritan (Toronto) and with the financial donations from the Toronto MSIA Ministers, we were able to purchase the remainder of the needed medicines. We now have a free local Clinic space, a local co-ordinator, volunteers and Doctors. They are all free. In September, I will contact the Foundation of the Samaritan for another donation for the November clinic. Dr Inyulle has committed to help us get free medicine and to attend the next clinic in November 2013.

Please hold the Light for the official establishment of this Clinic and for me connecting with the right people located in the Dominican Republic or anywhere else who have contacts and/or connections to charitable donations for medications or who can donate free medications.

Thank you once again for your ongoing support. The Las Canas people are very grateful. They said that they will keep praying for you and all of us involved in their clinic.

In Loving serving,

Éléonore

Dear John,

The third free Medical Clinic took place on Saturday, February 1, 2014 from 9:00 a.m. to 5:00 p.m.

We have seen about 201 patients, including several sick young children and people suffering from malnutrition, chronic anemia, diabetes and high blood pressure. The next clinic has been tentatively scheduled for the end of March or April, 2014, depending on whether we can obtain free medicines. We have received one donation of medicines from the HPIC

(a Canadian governmental organization) and with the financial donations from Dr. Waern and the Toronto MSIA Ministers, we were able to purchase the remainder of the needed medicines. Dr. Francisco and Dr. Waern have been spending a lot of time working on getting potable water for the community. After each clinic, Dr. Francisco continues to follow-up with the most critical patients on a volunteer basis.

Please hold the Light for the official establishment of this Clinic and for me connecting with the

right people located in the Dominican Republic or anywhere else who have contacts and-or connections to charitable donations for medications or who can donate free medications.

The Las Canas community and I are very grateful for your sustaining support, your prayers, your love and your light.

May God bless you a hundredfold!

In Loving serving,

Éléonore

What Makes Soul Transcendence Valuable? 7587-CD

A valuable seminar in which, through personal stories and humor, J-R demonstrates some of the patterns to which so many of us are addicted: overweight bodies, blame, lying, one-upmanship, etc. He then discusses another pattern to which we can aspire: the example-ship of Jesus, and he explains what this might look like. J-R shares that we can use the earth, as long as we don't allow ourselves to get stuck in earthly patterns. "You're not going to get what you want," he says, "until you change your attitude." What does this have to do with Soul Transcendence? This seminar will help you find out.

Soul Transcendence: The Ultimate Opportunity 7749-CD

Judging from the response of those who have seen it, this DVD is one of John Morton's "instant classics."

In interview format, John Morton covers a lot of territory. He addresses such subjects as how our resistance shows us what's next for us, and practical ways of working with trust and faith, as well as how spiritual exercises are 'exercising our opportunity to go to God.'

This seminar is just loaded with gems of upliftment and wisdom. Right at the beginning John points out, "Everybody is in this Movement of Spiritual Inner Awareness. Everybody is awakening to themselves in the greater reality of who they are as a Soul, as a God aspect, living in this world." It just gets better and better from there.

When the Mystical Traveler Works With You 2053-CD

J-R speaks of Soul transcendence, and the work of the Traveler in releasing us from illusions of the physical. Use everything for your upliftment: that is the path of Soul Transcendence.

Into Illumination and Enlightenment 7742-DVDES

This seminar starts out with a bang. John-Roger jumps right in, talking about how children need discipline. Then he explains how to discipline them lovingly.

Soul Transcendence, spiritual exercises, death, initiation, God, and the joy that is in the Movement of Spiritual Inner Awareness: that's just a sample of the treats in this public bilingual seminar. J-R says, "The teachings of Soul Transcendence state that through the spiritual heart we find God."

J-R concludes with some heartfelt laughter while describing how the Traveler works with initiates after they die. This is a seminar with one great "aha!" after another, all the way through.

Available in English and Spanish, on DVD, CD & MP3

Divine Essence 004-5

In this book, internationally known educator, lecturer and *NY Times* #1 best-selling author John-Roger describes the human consciousness, our constant connection to Spirit, and how that manifests in every moment of our lives.

"The Spark of God individualized within each human being is the Soul, which is the basic element of our existence. The Soul is forever connected to God."

This book is also available on downloadable PDF

Ancient Influences of Spirit 7515-DVDES

This program was recorded in two locations: The Temple of Dendera in Egypt and Mt. Tabor, in Israel.

Accompanied by sounds from the ancient temple, John-Roger begins his seminar by speaking of the location as the site of "one of the biggest take-off platforms for astral projection in the ancient world." J-R speaks about the purpose of the temple paintings as he examines them. He correlates the teachings of the time with MSIA's teachings in this day about Soul Transcendence.

Mt. Tabor is the traditional site where Jesus was recognized as the Christ, the Son of God.

MSIA MINISTERS TOUR THE WHITE HOUSE

BY ALICIA LANDA, DSS

I’ve heard J-R say, “there are miracles going on all the time,” and I know that behind each miracle there are people doing what it takes to get there and enduring to the end. Getting into the White House was one of those miracles. Thanks to Sue Dolan, minister from Maryland, we finally got in on April 29, 2014. We had been waiting for a group tour since 2009, when I headed the first attempt and we were denied the opportunity with close to 90 ministers in the list. In the second attempt, in 2011, when we were more than 110 ministers, and we also were denied. This time we were only five plus John Morton, and again we were denied. But then one of the ministers involved reached out to a friend who works in the White House who got us in!

We met at St John’s Church on the North side of Lafayette Square across from the White House to pray and do Spiritual Exercises. This church is also known as the President’s Church because so many of them had attended it since its founding in 1816. We learned that President Abraham Lincoln often walked there at night to pray during the Civil War, and the pew he used bears his name. Since then it became a tradition for the Presidents to pray in that Church. In fact there are beautiful kneelers made in needle point, with the name of each President.

It was a grey and rainy day as we waited under our umbrellas for almost 30 minutes past our appointed time, but our spirits were high. Later we were told our host was called to do something for the First Lady right at the time he needed to meet us outside.

Once inside the White House, I was a little in disbelief—finally inside the house of the Presidents. I started gently planting Light Columns, bringing the HU as I chanted in silence in my heart, thanking and offering all this to J-R. I thought it was neat to look out the windows and see the people on the other side of the gate, where we had been planting Light Columns when we could not get in. John brought me back from my reverie as he showed us the corridor where he had been greeted by Hillary Clinton and met with Vice President Al Gore in the visit that he, J-R, Jsu, Laura, and Claire had under very different circumstances in 1994. Not least important is to report that, while the adults had their talk, Claire enjoyed spending time with the First Cat, Socks. To watch the *Moment of Peace* go to youtube.com and do a search for “a moment of peace from the White House”.

Once our tour was complete, our host escorted us outside, and we opened our umbrellas and headed East to the W Hotel, where we had planned to have lunch. As I approached an intersection I heard a voice from behind, “Let’s cross here.” It was John Morton who continued walking next to me. I enjoyed chatting with him for a while. I shared how deeply I feel for this city and its history. As we were passing next to the Old Ebbitt Grill—Washington’s oldest, most historic saloon—John said, “Come in. I want to show you this.” We went in and looked at the exquisite Victorian style decor as John pointed to the antique gas chandeliers. I picked up the menu and, seeing the prices were quite reasonable, made a plan in my mind to go back, not thinking it would happen the same day.

We continued walking toward the W Hotel and took the elevator to the 13th floor, where, on a clear day, you find a spectacular view of the White House and surroundings. The problem came when we asked the waitress to move a table so we could all sit together. She said “we don’t move furniture here.” John immediately said “I know a place where they can sit us,” and left. Before long he called, saying he had a table for eight at the Old Ebbitt Grill. When we entered he was waiting us, and indeed they had given us an exceptional place, quiet, private and with a view to the street. Not only that, they changed their recipes to accommodate our no garlic no onion request—a wonderful lunch, sharing, caring and listening to zesty stories from John never heard before.

John shared that he found the energy of the White House much cleaner than when he had been there with J-R in 1994, and asked Sue Dolan whether she and the local ministers had kept planting Light Columns on the perimeter. The answer was affirmative. John also said that there are other places in need of more Light and mentioned the Supreme Court. So, there is more work to do in this never ending love game of planting Light Columns. Lunch was over; we said goodbyes with our hearts filled with gratitude.

Note: You can read more on the silent ministry of planting Light Columns on the article “Light Columns” in *Fulfilling Your Spiritual Promise* by John-Roger pp.189-202

*"The journey of your Soul
is to return to an awareness of
and a oneness with God."*

MSIA

The MOVEMENT OF SPIRITUAL INNER AWARENESS (MSIA) teaches Soul Transcendence, which is becoming aware of oneself as a Soul, and, more than that, as one with God. Soul Awareness Discourses are the heart of MSIA's teachings. They offer many practical keys to more successful living. Even more important, they offer keys to greater spiritual awareness and knowledge of the Soul. MSIA's approach is to present activities and techniques that direct us toward the Spirit and loving that are the essence of who we are, and to provide support for practicing those things if people choose to use them.

In MSIA we respect any approach that encourages people on their path home to God. We certainly don't claim to have the only way, but we do have a way that is assisting thousands of people to do this while experiencing greater health, happiness, abundance, and joy. The foundation of MSIA is loving, and it is in that spirit that we invite you to participate with us in whatever way works for you.

We invite you to join us in expanding your consciousness, enhancing your understanding, strengthening your spiritual awareness, embracing your loving, and allowing grace to lead the way.

USM

USM was founded in 1976 by John-Roger and is a private graduate school offering Master's degrees in Spiritual Psychology and Spiritual Psychology with an Emphasis in Consciousness, Health, and Healing. Known as the Worldwide Center for the Study and Practice of Spiritual Psychology, USM's mission is communicating the principles and practices of Spiritual Psychology worldwide through the process of Soul-Centered education.

Soul-Centered education recognizes spiritual reality and begins with the assertion that rather than human beings who have a soul, we are more accurately described as souls having a human experience. This assertion evokes a radical paradigm shift, which results in a psychological and educational process whose goal is to bring forth the beauty, wisdom, and compassion inherent in every human being.

This experiential educational paradigm evokes in students their own answers to the three essential questions: Who am I? Why am I here and what is my purpose? How can I make a meaningful contribution in the world?

HEARTFELT

THE HEARTFELT FOUNDATION, founded in 1979 by John-Roger, is a volunteer-driven service organization which is operated through the Church of the Movement of Spiritual Inner Awareness (MSIA), a 501(c)3 nonprofit organization. 100% of donations received go to those we serve. Heartfelt's mission statement is: "Changing people's lives through the healing power of heartfelt service." People and the heart are a primary focus of our work, and volunteers are the key to our success.

The Foundation's service includes assisting at-risk and in-need families, providing support and services to disadvantaged or abused children, helping the homeless and comforting the sick. Thousands of people in need have been served by our loving volunteers.

An important part of Heartfelt's work is the HeartReach Program, which reaches out with food, medicine loving and caring hearts and Light support to members of our spiritual family who are undergoing life-challenging or medical crises. As a result of the short-term support that HeartReach is able to provide, people are cared for through difficult situations.

THE JOHN-ROGER LEGACY FUND

The John-Roger Legacy Fund within MSIA ensures that the teachings of the Mystical Traveler are available for many years to those who are looking for them. The Fund's prime objective is to continue to maintain the archives of J-R's spiritual work and to share it with the world, and to support MSIA, as necessary, as a conduit to maintain the availability of the Traveler's teachings and to preserve John-Roger's legacy.

How to Contribute to the John-Roger Legacy Fund

INITIATION

If you are just starting the Soul Awareness Discourses, Discourse #1 explains initiation into the Sound Current. You may choose to study the Discourses with the intention to be initiated on this path, or to simply read them as information. If you do choose to study toward initiation, the Traveler works with you more closely, and you may notice a greater spiritual awareness in your own consciousness as this work goes on.

If you are studying toward initiation, you need to write and mail a letter to the Traveler that this is your intention. If you have written and mailed your intention to the Traveler, you can apply for initiation when you have completed Discourse 24.

THE MSIA MINISTRY

The MSIA ministry is for initiates of the Traveler who are called inwardly to serve the spirit of their hearts.

Service may be in any form, from volunteering for the Church to assisting people in need or organizations that serve those people, and anything in between. The only requirement is that the ministry is active and done regularly.

MSIA ministers may perform services, like marriages, that clergy of other denominations are authorized to do as long as they comply with the laws of the locality in which they serve.

People who have received initiation into the Sound Current through the Traveler may request an Application for Ordination packet from:

Ministerial Services In Action • 3500 W. Adams Blvd. • Los Angeles, CA 90018

WRITING TO J-R & JOHN

Sometimes people reading Discourses, especially those studying toward initiation, want to write to John Morton or John-Roger. Writing often helps you let go of a troubling situation and open more to the Traveler's assistance inwardly.

As soon as you write to John Morton or John-Roger, they get the message on the spiritual levels, and they do what Spirit allows. Then, to let go of the situation in your consciousness, you burn or mail your letter. Whether you burn or mail what you wrote, you may find that you get your answers on the inner levels, sometimes very quickly. You may also experience greater calm, clarity, or peace, which can help you go through whatever challenges you face.

We suggest that you place the situation in the Light, ask for clarification during s.e.'s, dreams, etc., and then look for the answers within you. Often reading a Discourse or listening to an MSIA tape (either at home or at a seminar) will provide keys to assist you in handling your situation. You can also refer to any of the numerous books by J-R and John to find information that relates to what you are dealing with. These two have shared so much with us over the years, and we encourage you to send your letters via e-mail, using these addresses:

For John-Roger: letterj-r@msia.org

For John Morton: letterjohnmorton@msia.org

If you live in the United States and if you send your letter to J-R or John in hard copy via the mail, you need to include a self-addressed stamped envelope (SASE) if you want a reply from either of them.

Many hundreds of people write personal letters each month to J-R and John, so please note that even if you do send a letter by e-mail or if you do send in an SASE with your letter, you may not receive a response back. This does not imply that your concern is not important or that you are being ignored. There simply may be no need for a physical reply, or there may be no answer available to you at the time you write.

In addition to the e-mail addresses above, mail to John Morton or John-Roger can be sent to:

MSIA • P.O. Box 513935 • Los Angeles, CA 90051-1935

Give a teen the gift of knowing themselves...

Teen Insight is Transforming Lives in a Big Way!

Here is what one Teen Grad recently shared:

After taking **Teen Insight** I feel so much more confident, worthy, comfortable, and, best of all, happy. My experience was beyond valuable in a way I can hardly describe or put into words. Before **Teen Insight**, I had trouble understanding who I was after years of hiding behind facades to get approval from my peers; this seminar helped me rediscover what I had hidden away for so long and embrace the person that deep down, I've always been. Self-love is no longer a distant idea, but a concept that I've now grasped, experienced, and obtained. I wouldn't trade my experience with **Teen Insight** for anything.

“You see, God created us and He didn’t use any junk to do it. Sometimes you want to take who you are as a creative being and make junk, thinking that’s going to be acceptable. At the level we are working in this PTS doctoral program, I want to be clear with you that it’s not. The thing we’re on the planet to learn is discipline toward God’s direction. That discipline is not a punishment. It’s joy. And it’s a real thankful thing to have.”

ISRAEL

THE LIGHT TOUR 2014

JOHN-ROGER

John-Roger will be celebrating his 80th birthday in September! Nothing gives us a greater thrill than to know that J-R is still with us on this physical level. This year we will be celebrating his birthday in Israel on the Light Tour 2014 -- a fundraiser from September 7 to 16.

Experience The Holy Land

Israel has deep meaning for us all. There is so much history and significance packed into that tiny country. We would love for you to come and join us for this celebration of John-Roger's 80th. There is nothing like the experience of bringing Light to the Holy Land in the company of the Mystical Traveler, walking where Jesus and other Travelers expressed their ministries. The sights and sounds and smells are still very much like biblical times in many places.

Join John-Roger This Year

It's really quite an elevating experience. The feeling is second to none. This is the only country outside the United States and the only international MSIA event that John-Roger plans to attend this year. We are really hoping you can attend this special fundraiser with us, at this very special time. As always, John-Roger has agreed to participate, health and schedule permitting.

3 Days Touring

We will begin with an evening group meeting on September 7 in Jerusalem. This will be followed by three days of touring across Israel, including Jerusalem, Galilee, Masada and

the Dead Sea. The group will then be taken to a beautiful resort hotel where there will be three full days of sharing with John-Roger, John Morton, and Michael Hayes.

3 Days Sharing

We will, of course, take good care of the basic selves with delicious group lunches and dinners for all three days. Sharing sessions are scheduled for September 13, 14, and 15. There will be two free days on your own for relaxing, S.E.'s, personal touring, spa treatments, etc. during the trip. We will arrange transportation to Tel Aviv from the sharing location on September 16.

How To Register

Your full \$5,000 donation holds your place. After we receive your donation, you will receive more specific details about the event, e.g., how to book your hotel stay as soon as we have it. Traveling with the Traveler is like no other travel experience. If the Spirit calls you, please come and participate with us in this magnificent adventure.

To register, contact Bambi Scott at MSIA. Her direct phone number is 323.328.1916, or email bambi@msia.org.

If you have questions, please email Mark, mark@msia.org or call him at MSIA 323.328.1950.

Included in your donation is:

- three group day tours around Israel,
- transportation from Jerusalem to the event hotel,
- many special group meals,
- group sharing with J-R, John Morton, and Michael Hayes,
- transportation back to Tel Aviv on September 16

What is NOT included in your donation:

- hotel accommodations during the event,
- transportation to or from Tel Aviv
- airport transfer to Jerusalem,
- individual leisure activities,
- meals outside of the group events, or
- transfers, meals, or other costs that deviate from the group schedule.

*In Loving and Light,
John-Roger and Jsu Garcia*
